SECURE OUR WORLD

Cybersecurity Awareness Month

Cybersecurity CTF Competition at CCSU
2023 Oct 27th - 28th

The 2nd CCSU Cybersecurity Capture-The-Flag (CTF) 2023 competition will be held on 10/27th - 28th. There will be several online/on-ground events, and final competition can be taken on-ground or online. For this competition, students will engage in energy-focused activities centered on cybersecurity methods, practices, strategy, policy, and ethics, all while hacking or defending target or your own networks.

Participants will get:
- Hands-on learning in industrial control systems
- Exposure to real-world cyber problems in a simulated environment
- Chance to win 1st/2nd/3rd prize and certificate

Training and Drill session: TBA by email
Competition: 10/27th 9AM-28h 9AM AIH416
To register, scan the QR-code and sign up by 10/17th noon.
