**Mission Statement**
The Center for International Education (CIE) has more than 20 university partnerships, approved external programs, and over 45 short-term, faculty-led programs offered annually. We also welcome and advise a growing number of international students each semester, including students who engage in intensive English language instruction, pursue a degree, or spend a semester here as exchange students. By bringing students of diverse heritages together, the Center fosters a spirit of cross-cultural understanding and provides opportunities for students to learn to respect the customs and values of others, learning more about themselves in the process.

Mission Statement:
The mission of the Office of Student Conduct is to increase student awareness of their individual rights and responsibilities as members of the CCSU community. The office strives to educate students to apply critical thinking and other integrated skills to develop healthy decision making practices. We aim to improve a student’s perspective and appreciation regarding institutional connectedness, civic responsibility, and humanitarianism.

Services Provided:
- The Office of Student Conduct (OSC) administers the student conduct process for all full and part-time students
- Primary goals include the promotion of social responsibility and the resolution of discipline cases in a developmentally sound manner consistent with University policy and nationally recognized “best practices”
- OSC assists the coordination of referrals to a variety of student support services including counseling, alcohol and other drug education programs
- The OSC staff is available to all students, faculty, and staff who may have questions or concerns regarding University behavioral standards and the CSCU Student Code of Conduct and Statement of Disciplinary Procedures

Main Office Phone:
860-832-1601

Department email address:
student_affairs@ccsu.edu

Department website:
www.ccsu.edu/studentaffairs

Services Provided:
● The Office of the Vice President for Student Affairs provides leadership to the departments within the Division, serves as a resource for questions regarding University policies and procedures, and, when appropriate, makes referrals to other offices for more information or problem resolution.

● We are committed to providing students with the services, activities, and support that will enhance their ability to fully engage in their educational experience here at CCSU.

● Several campus offices collaborate to provide Student and Parent Orientation programs.

● In collaboration with the Learning Center, our staff is actively involved in the Early Alert (formerly known as the Early Academic Warning) program. The goal of the Early Alert program is to intervene with students who have poor grades, attendance issues, or personal issues affecting their progress in courses. Poor academic performance and/or attendance issues can often be a symptom of a deeper problem for a student. If we can meet and help students to resolve or improve personal, medical, and other issues, we may positively impact their academic performance and daily life on campus.

● We process absence notices for students, and work with Student Disability Services to facilitate medical absences and accommodations.

● Students are welcome to stop by our office in Lawrence J. Davidson Hall, Room 103 or call us at 860-832-1601 to schedule an appointment.

**Services Provided:**
- CCSU’s Office of Student Disability Service (SDS) is committed to providing equal access to an educational experience, through the provision of reasonable accommodations and services, to qualified students with disabilities, in order to reduce or eliminate any disadvantages that may occur as a result of an individual’s disability.
- In determining reasonable accommodations, CCSU is guided by the federal definition of “disability” which describes an individual with a disability as someone who has “A physical or mental impairment that substantially limits one or more major life activities of an individual; for example caring for oneself, standing, lifting, bending, speaking, breathing, eating, sleeping, walking, performing manual tasks, learning, reading, concentrating, thinking, and working.”
- SDS offers a wide variety of legally mandated services for students with documented disabilities.
- After reviewing the documentation of disability, the coordinator will provide appropriate academic accommodations specific to the student’s functional limitations in the academic setting, and inform the student on how to access the approved accommodations.
- Students should request accommodations in a timely manner and follow SDS policies and procedures for accessing accommodations as outlined on the website.
- Note: SDS does not provide assistance or equipment, i.e. homework assistance, typing, personal laptops, or personal aids.
- There are six main services at SDS: Exam Accommodations, Readers/Scribes, Alternate Format Instructional Materials, Sign Language Interpreting / Transcribing Services, Notakers, and Auxiliary Support
