WE HELP TURN ORDINARY PEOPLE INTO NURSES.

It takes a special person to be a nurse. Some say it’s a calling, others an epiphany. Whatever the reason, it’s one of the most giving career paths one can take. However, it is not an easy path, not for the faint of heart, but for the big-hearted - and big-brained which is where ATI can help. We have the comprehensive and adaptive learning systems to assist in preparing students with what they need to know to pass high stakes tests and to become compassionate skilled nurses. Which is why more nurse educators, universities and colleges around the country partner with us.

AND HERE’S HOW.

To us, becoming a nurse involves three stages. The first stage is preparing for and being accepted into a nursing school program. The second stage is learning and succeeding during nursing school. And finally, the third stage is graduating and passing the NCLEX. Through our products and services ranging from pre-admission tests to curriculum testing to NCLEX success, we’re here to help educators help students complete all of the steps.
