As a condition of employment with the State of Connecticut, all faculty and staff members must participate in a retirement plan with the exception of part-time Adjunct Faculty members. Part-time Adjunct Faculty members may elect to waive retirement plan membership.

Classified employees in higher education automatically become members of the State Employees Retirement System (SERS).

Unclassified employees must make a **one-time irrevocable election** of retirement plan membership. **Serious consideration must be given** to the election of a retirement plan, as it is an irrevocable decision. **Election must be made by the first day of employment.** The proper retirement plan contributions must be deducted from the employee's first paycheck.

**Special note:** If you elect the ARP, Hybrid or TRS and are subsequently employed in a position ineligible for participation in these plans, you will automatically begin participation in SERS.

See page 2 for retirement plan election choices.
