Connecticut Center for Advanced Technology, Inc.

The Connecticut Center for Advanced Technology, Inc. (CCAT) is a non-stock, tax-exempt corporation incorporated in May 2004 and is funded under federal and state sponsored grants to develop a national center that addresses military and civilian industrial manufacturing needs; promotes energy planning and policy initiatives; stimulates innovation; and enhances workforce development issues concerning technology competitiveness.

CCAT is seeking an intern or co-op student for the Manufacturing & Supply Chain Initiative (MSCI).

Position Title: MSCI Intern/Co-Op

Job Description: The MSCI Intern/Co-Op reports to the Director, Manufacturing & Supply Chain Initiative, and will support the MSCI staff in their mission to improve the competitiveness of U.S. aerospace & defense manufacturers. Specifically tasks to support on-going projects in the Machining Applications Laboratory (MAL).

Job Requirements:

- Excellent verbal and written communication skills
- Mastery of Microsoft Office (Outlook, Word, PowerPoint, and Excel) suite of software
- Experience with CNC machine operation
- Experience with CNC programming using MasterCam or Siemens NX a plus
- Strong interpersonal skills
- Excellent attention to detail
- Engineering experience a plus
- Must fulfill ITAR citizenship requirements

Education and experience: Candidates should be working towards earning an AS or BS degree. Vocational high school seniors with significant machining experience will be considered.

Reports to: Director, Manufacturing & Supply Chain Initiative

Manage others: No

Job type: Intern

Employee Type: Hourly, Part-Time, 15 – 20 hours per week

Travel: Possible in-state travel

Compensation: Based on qualifications

Relocation: No

CCAT is an Equal Opportunity Employer, M/F/D/V.
