### Campus Emergency Call Boxes

Know the Campus Layout

There are numerous **Yellow Call** boxes within the Residence Halls. Know where they are!  
There are over 75 Emergency **Blue Call** boxes.  
Know their locations.

### Campus Safety Tips

Do not walk alone! Use the buddy system or the campus shuttle bus.

Do not walk in dimly lit areas or take risky short cuts. Use well-traveled and well-lit areas.

Do not jog alone-run with a partner. It's more fun and.. it's safer.

Do not carry large sums of money or flash money around. Money attracts attention.

Do not wear walkman-type earphones, especially at night, while walking or driving. They can prevent you from hearing what is going on around you.

If you feel that you're being followed or you sense something wrong, change direction or cross the street and head for a well-lit area, any occupied building or to an emergency phone where you will be in direct contact with the police dispatcher on campus.

If you are threatened scream "FIRE" and not the word "help." In today's society the word "fire" attracts more attention. Remember the criminal does not like noise or attention.

Don't overload yourself with excessive books and/or other personal items when walking.

Carry your purse close to your body and have the flap against your body. If a purse/wallet snatcher or mugger confronts you do not resist. Money, credit cards and other items may easily be replaced. You cannot. You should record all credit card account numbers and keep them in a safe place.

### Police Escort Services

Contact CCSU Police at 860.832.2375 to request an officer escort from one part of campus to the other.

### Vehicle Safety

Keep your vehicle locked at all times-even in your driveway and when driving during daylight hours.

Park in well-lit areas and, when returning to your vehicle, have your keys ready before you reach it.

Check the back seat before you get in.

Keep your purse and other valuables out of sight. Use the trunk of your vehicle.

If you feel that you are being followed, change direction and head for a well-lit and populated area, i.e. stores, malls or even to a police station.

If your vehicle breaks down, stay with it. Make certain to lock the doors, put on your flashers and wait for help. If a passerby offers to help do not get out of the vehicle.

Just open your window a crack and ask the person to contact the police department.

Consider purchasing a cardboard windshield protector with the words "HELP-CALL THE POLICE" on it and use it when you break down.

Use your senses and be aware of your surroundings.
