

Instructional Technology Needs Survey Part 4: Media Presentation Skills

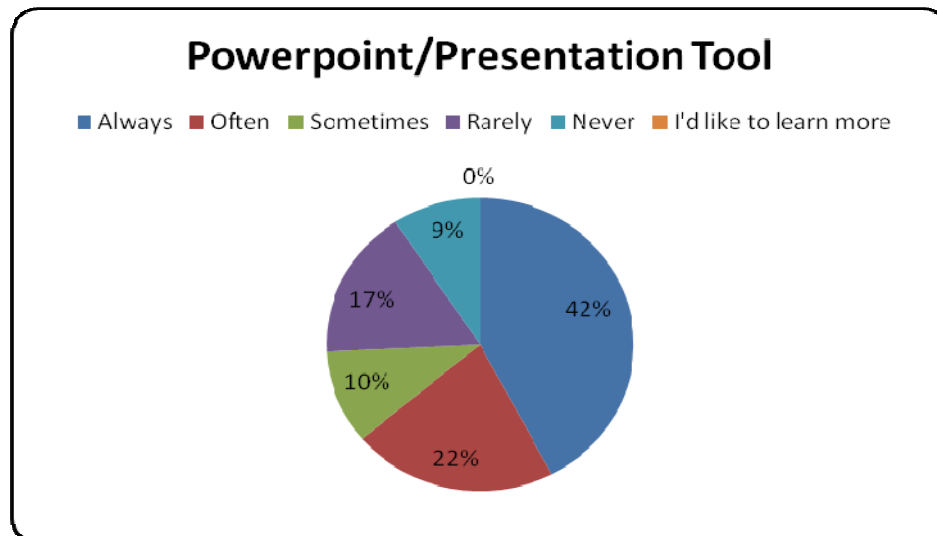

How often do you scan images, or use them from a CD or camera for your courses?

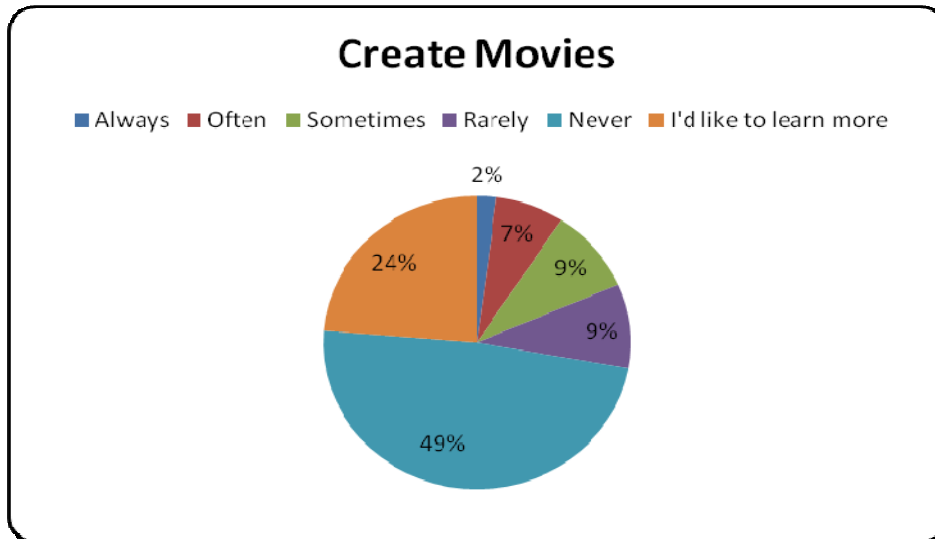

How often do you manipulate digital images using Photoshop or some other image-editing tool?

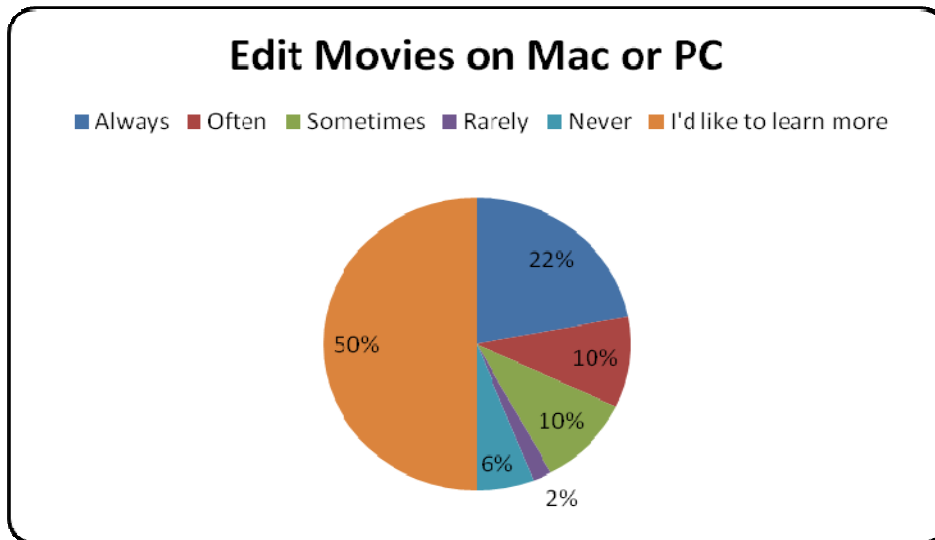

How often do you use PowerPoint or other presentation tool for your courses?

How often do you create your own movies with a digital camera for your courses?

If you DO create your own movies, how often do you:
Edit them with iMovie (Mac) or Windows MovieMaker (PC)?

Use streaming media to present the movies to your students?
