The University has established program goals pursuant to analyses conducted in Section 46a-68-87, Identification of Problem Areas in order to remove any disparity or adverse impact on the race/sex group members in the respective occupational categories.

The University’s programs will be meaningful, measurable, reasonable, attainable, and consistent with Section 46a-68-92—Good Faith Efforts.

While the University did not identify any significant employment policy or practice that adversely affects any minority group candidates, including physically disabled or older persons, it did identify areas that need to be further explored in the recruitment of service maintenance and skilled craft. If disparities occur, the University will initiate a goal to remove such impact.

**Recruitment and Equitable Search Process**

In the Professional Non-faculty category, ODE will consult with hiring managers to determine when an affirmative action search should be utilized to fill a vacancy. This is not an official goal; however, it will be a standing practice for all SUOAF bargaining positions.

In the Service Maintenance, the University will expand and identify new advertising and recruitment sources. Additionally, the custodian and skilled craft are also areas that need improvement in their diversification of applicants.

The University has considered alternatives in addition to those already outlined above to eliminate any problem areas identified in the Identification of Problem Areas section.

**Other Program Goals for 2018-2019**

The University did not identify any employment policy or practice that adversely affects any minority group candidates, including physically disabled or older persons. The University will, however, continue to take a critical look at its employment processes and if disparities occur, the University will initiate a goal to remove such impact and improve the processes.

In order to foster a campus climate of inclusion and diversity, ensure equal rights for all the various groups that make up the University community, and educate our students toward appreciation for diversity, the University will:
