Addendum 1 has been issued for the following reasons –

- Delete the response requirement in the RFP page 18, section 3.2.i
  There is no need or requirement for a single stream recycling vehicle here.

- Add a requirement to add (replace) sand to the long jump pit as needed or requested by the university. Note that this service has, in recent history, been required approximately once every 2 years. If needed, the contractor may invoice CCSU using the per hour rate from the Pricing sheet, Item 6, Post Game Maintenance, page 21 of the RFP.

- Provide information on square footage, as requested by one of the contractors.
  The total area (athletic facility + Barbour Rd.) is about 904,332 sq. ft. or approximately 21 acres

All other terms, conditions and specifications in the RFP remain the same.
