Mission Statement

The Student Center provides services and facilities and supports programs which enhance the growth of the campus community. Students are developed and educated through active participation in all we do. Our quality is determined by the people we serve!

The Role of the College Union

“The college union advances a sense of community, unifying the institution by embracing the diversity of students, faculty, staff, alumni, and guests. We bolster the educational mission of the institution and the development of students as lifelong learners by delivering an array of cultural, educational, social, and recreational programs, services, and facilities.

By any form or name, we serve as the heart of the campus community and create a welcoming environment by:

• Operating as a student-centered organization that engages in shared decision making and holistic development through employment and involvement.
• Advocating for inclusivity and equity, fostering respect, and affirming the identities of all individuals.
• Educating students in leadership and social responsibility and offering firsthand experiences in global citizenship.
• Providing gathering spaces to encourage formal and informal community interactions that build meaningful relationships.

Traditionally considered the living room, the college union enhances the student experience and cultivates an enduring connection to the institution.” -ACUI, 2018

S.T.A.R. of the Month

S.T.A.R. employees are students that go above and beyond the call of duty. They work effectively with others and are customer service oriented, exemplifying the guidelines of the S.T.A.R. program. Student employees are nominated each month by any member of The Student Center team including administrative faculty, staff, graduate interns, and student employees. Nomination forms can be found at the Reception Desk, in the Intern Office, and at the Information Desk. The administrative faculty, staff, and graduate interns then meet to select the S.T.A.R of the Month.

Rising S.T.A.R.

Yearly, The Student Center faculty, staff, and interns honor one new student employee (who has worked for The Student Center for less than three full semesters) that shows great potential and dedication to The Student Center. This award is given based on a student’s drive and their commitment to The Student Center.

Duane A. Orloske Award for Outstanding Student Employees

Students considered for this award are taken from the entire pool of student employees who have worked for The Student Center during this academic calendar year. The outstanding student employee is chosen “in recognition of outstanding initiative and achievement as a student employee.” This has been an ongoing tradition in the CCSU Student Center since 1975. In the spring, the faculty, staff, and graduate interns review all candidates based on the criteria listed below:

- Must have worked in The Student Center for more than three full semesters
- Must have all good or better performance evaluations
- Must be active in many areas of the campus and local community
- Contributes to their peers in a positive manner
- Contributes to the area(s) worked in and has had a positive impact
- Has at least a 2.00 cumulative GPA throughout tenure

* The students selected as Rising S.T.A.R. and Outstanding Student Employee of the Year are recognized at the annual Student Union Board of Governors (SUBOG)/Club Recognition Program each spring.

Training
Training is mandatory! It is expected that all employees attend training unless you have been excused by your immediate supervisor. All portions of training are designed to provide you with information and techniques necessary to be successful at your job. Because training is required, employees are compensated.
Terms & Conditions of Employment

- Typically students are employed for one semester.

- Four semesters and two summers are the total limit to work in one area as a manager (unless a supervisor determines there is continued development and the student employee has had a positive evaluation).

- Ongoing employment is contingent upon meeting general requirements currently listed in the handbook.

- Student employees can expect to receive one written evaluation and ongoing feedback per semester.

In addition, student employees can request a copy of their current job description from their direct supervisor if necessary.

Level of Remuneration

The Student Center abides by the University’s Student Worker Pay Rates and Job Classification scale. To access the most current version, visit the University’s website at: bit.ly/2wx8LqV

Event Crew

As a department, one of our many roles is to provide support for events. The purpose of working Event Crew is to not only support events, but also to gain experience in the Student Center outside of your primary work area. Therefore, Event Crew is necessary to meet this need. Event Crew specifically supports the necessary miscellaneous services that have become part of events and dances, such as coat check, ticket takers, ushers, etc. Students who work dance or concert shifts enforce the dance and concert admission policies.

All student employees must work at least one “dance or concert” shift and at least one “event crew” shift per semester based upon the frequency of events requiring such staffing. This does not include satellite shifts or anyone working in their primary work area to support events. Satellite shifts and primary work area shifts do not satisfy the event crew requirement. Satellite shifts are shifts at temporary ticketing locations across campus to support events.

*It is at the discretion of the supervisor to make any adjustments as deemed necessary. Please note that fulfilling this requirement will be reflected in your semester evaluation. However, student employees will not be penalized if the opportunity to work a dance or concert or an event crew shift does not present itself during times when programming is infrequent.

Employment Policies and Practices

**Work Schedules**
Employees will assist in coordinating area schedules. Once schedules are confirmed, you will be held accountable for covering your shift.

**Hours**
You may not work more than seven and one half hours (7.5) in any one shift without taking an unpaid one half hour (30 minutes) for a meal break. This means you need to clock out and then clock back in. If you work more than four hours, you are eligible for a paid 15 minute break. Please schedule breaks with your direct supervisor. You are not allowed to work more than 40 hours for any two-week pay period during the academic year, excluding “break” weeks. For break weeks, you are not permitted to work more than 40 hours per week. A pay week is Friday - Thursday. If you are in danger of going over hours, please see your supervisor immediately.

**Illness/Personal Emergencies**
If you are unable to cover your shift due to an illness or personal emergency, we ask that you arrange to have a substitute cover for you. You must PERSONALLY telephone and speak DIRECTLY to one of the following as soon as possible but no later than one hour before your scheduled shift to inform them of your illness.

Fill in with your personal information
Graduate Intern: ____________________________
Phone Number: _____________________________
Faculty Supervisor: __________________________
Phone Number: _____________________________

**Substitutions**
Substitutions are only allowed from the trained staff in YOUR area unless approved by your supervisor. You will be given a telephone and e-mail list of fellow employees you may contact. Plan ahead! Uncovered shifts do not serve our mission. Unexplained, uncovered shifts will constitute a missed shift and a Student Personnel Notice will be added to your file.

**Attendance**
Attendance will be kept by your direct supervisor. Perfect and good attendance will be acknowledged. Excessive absenteeism or tardiness will be documented and may lead to dismissal or nonrenewal of appointment.

**Area Meetings**
Each service area will hold regular staff meetings. Each meeting allows you the opportunity to stay informed and contribute to improving the service area in which you work. Attendance at these meetings is mandatory! If you miss a meeting you must discuss your absence with your supervisor. Missing an area meeting constitutes a missed shift and will be documented in your file. Urgent situations may call for emergency meetings. You will be compensated when you attend meetings. All meeting times should be reflected in your area schedule.
Trainings
The purpose of these training sessions is to give student employees an opportunity to acquire various skills and to build relationships with student staff that work in other areas of The Student Center. Training sessions vary including subjects, such as customer service, résumé building, or team building. Attendance is required at All Employee Training Days and Area Training days. You will be compensated when you attend training sessions. Look for notices in special promotional materials.

Eating or Drinking While On Duty
Student employees are asked to confine food to the cafeteria. If a student employee has back to back classes before arriving for work, a light refreshment will be permitted. However, those working long shifts will be given specific time to eat their meal, by making these arrangements with your supervisor. No one should be clocked in for meals. Student employees are advised not to have a beverage or food near electronic equipment. Should a student employee spill one’s food or drink and damage the electronic equipment that person may be held liable for the damage.

Please study at home or at the library not while you are here to provide a service.

Personal Calls and Visitors While On Duty
To provide quality and efficient service, Student Center phones are to be used for business only. Under NO circumstances should you have any non-employee behind the counter of your work area. Conditions of Employment

Grade Point Average Policy
The Student Center realizes the importance of academic achievement and urges students to strive for academic excellence in their studies. According to University policy, all students are expected to maintain a cumulative GPA of 2.00 or higher to be in Good Standing. At the end of their first semester with less than a GPA of 2.00, all students (first-year/first-time, continuing, or transfer) will receive a probation letter informing them of the dismissal/probation policy and of an academic intervention. At the end of the next semester, all students still having less than a 2.00 will receive notice of academic dismissal. Those students may petition for academic probation due to extenuating circumstances... Students concerned about their academic progress should consult their academic advisor. Consequently, a minimum cumulative GPA of 2.00 is required for both application and continued employment in the department. If you are a first-year or transfer student, your GPA will be based on your first full semester at CCSU.

If after you are hired, your semester GPA falls below a 2.00, the following will happen:
1. To support you with your academics, you will receive a letter from your direct supervisor outlining resources that are available to you, so that you can seek out help as need be.

CCSU LGBT Center

The CCSU established the LGBT Center in 2009 to increase campus awareness, understanding, and acceptance of its sexual and gender minority population. The LGBT Center encourages critical thinking about sexual and gender differences at CCSU and beyond through programming, networking, a literary and periodical library, and referral services. The Center also helps facilitate and coordinate training for the campus community regarding lesbian, gay, bisexual, transgender, and ally inclusion, as well as resources and services unique to CCSU. Beyond training, the LGBT Center is an approachable and consistently staffed safe space that promotes affirmation of the minority population and a more welcoming campus climate. CCSU students, faculty, alumni, and staff compose an Advisory Board for the LGBT Center.
