See Yourself @ CCSU!

You’ll Thrive Here Because CCSU is...

• One of the “Great Colleges for the Real World” — Octameron Associates

• One of the “Best Colleges” — Princeton Review, US News, Money

• One of the most Community-centered colleges — The Carnegie Foundation for the Advancement of Teaching

• One of the top public institutions in the nation for improving African American student graduation rates and for closing the achievement gap for students of color — The Education Trust

• One of the top regional universities for serving military veterans — US News

To learn more about CCSU and to apply online, check out our website: www.ccsu.edu. Be sure to check us out on Facebook: www.ccsu.edu/facebook.

Central Connecticut State University strives to offer a campus welcoming to all. CCSU is an AA/EQ institution and is committed to a policy of non-discrimination and equal opportunity for all persons regardless of race, color, religion, sex, age, national origin, marital or veteran status, sexual orientation, or disability. This policy is applicable to all employment practices, admission of students, programs, and services to students, faculty, staff, and the community.
Your Learning Is the Center of Everything We Do

Our professors are committed to helping you make the most of your education. They will challenge you AND help you—inside and outside the classroom, where you can join them for one-on-one education, advice, and guidance.

Experts in their fields, CCSU professors know how to make learning exciting and rewarding.

Our low 15-to-1 student-to-faculty ratio keeps classes small: nearly half have 20 or fewer students. Your professors will get to know you as an individual. And our classes are always taught by professors, not teaching assistants.

Each of our four schools — the Ammon College of Liberal Arts & Social Sciences; Business; Education & Professional Studies; and Engineering, Science & Technology — offers a student support advising center dedicated to helping students succeed.

For more information: www.ccsu.edu
The broad liberal arts education offered at the Carol Ammon College of Liberal Arts & Social Sciences will help you succeed wherever you go! Research shows that liberal arts grads are among the highest in demand for all kinds of jobs in all kinds of workplaces.

Working with our world-renowned professors, we’ll teach you how to:

- think critically and creatively
- analyze information and grasp rapidly changing technology
- communicate more effectively
- be comfortable in diverse cultural settings

You’ll also get really amazing help achieving your educational goals ASAP with our Arts & Sciences Advising Place.

“The faculty gave me the opportunity to learn analytical reasoning, which gave me the tools and confidence to succeed in law school. I am now a candidate for Juris Doctor.”

Aaron Spalding, BA (History) 2013

For more information: www.ccsu.edu/class
SEE YOURSELF @ THE AMMON COLLEGE OF LIBERAL ARTS & SOCIAL SCIENCES, WHERE YOU CAN:

• Travel to Cuba as student journalists providing firsthand accounts of a nation in transition
• Unearth an ancient soapstone quarry where, 2,700 years ago, Native Americans flourished
• Give choral concerts in China, France, Germany, Hungary, Japan, Puerto Rico, and Spain as part of the University Singers
• Intern at ESPN and be a part of “The Worldwide Leader in Sports”!
• Write, edit, and publish a magazine of short stories, art, poetry, and essays
• Chronicle New Britain’s African American history as part of an oral history project
• Present psychological science research at a prestigious national professional psychology conference

EDUCATIONAL EXCELLENCE Recent graduates of the Ammon College of Liberal Arts & Social Sciences have begun graduate study at some of the finest graduate and professional schools in the nation, including Harvard Law School, Duke, Yale, Tufts, and the University of Chicago. Other graduates have begun rewarding careers at some of the best companies in the region:

Aetna
American Airlines
American Express
Bristol-Meyers Squibb
ABC, CBS, NBC, & Fox
Chase Manhattan
CIGNA
Connecticut College
ESPN
Fleet Bank
GE
Hartford Courant
IBM
Marriott Corporation
Pfizer
Pratt & Whitney
The Stanley Works
Travelers
UConn Health Center

“Professor of Psychological Science Jason Sikorski has very high expectations of his students, both in thinking and writing; he holds students accountable. I liked the challenge.”
Katina Tsitaridis, BA (Psychology) 2016
Whether you want to become the CEO of a Fortune 500 corporation or an entrepreneur launching successful start-up after successful start-up, the School of Business will prepare you for the rapidly changing world of business. Our professors excel at using real-world experiences to bring even the most complex business theories to life. You’ll tackle actual business problems through case studies, role-playing, workshops, student-faculty research projects, and off-campus business internships.

CCSU is only the second public university in Connecticut accredited by the prestigious Association to Advance Collegiate Schools of Business (AACSB). Located in the Robert A. Vance Academic Center, the School features high-end finance and business technologies and a dedicated student-support Advising Center. The School has formed strong bonds with Connecticut-based companies. Successful business leaders come to campus as guest lecturers, offering their perspectives on how to succeed. And thanks to a special relationship with Travelers insurance, students get special one-on-one career advice. These connections provide real-world learning, internships, and in many cases career-starting jobs!

“In my experience, CCSU does an exceptional job preparing their business students for internships and the transition from the classroom to the workforce.”

Marco Pace, Director, Financial Exams, Regulatory Financial Operations, UnitedHealth Group, Inc.

For more information: www.ccsu.edu/business
SEE YOURSELF @ THE SCHOOL OF BUSINESS, WHERE YOU CAN:

• Create a marketing program for the CTfastrak project
• Win Elevator Pitch Contests against students from other colleges
• Receive scholarships by winning the School’s Business Stock Trading Competition
• Meet with Travelers insurance representatives to discuss career preparation at the School’s Travelers Office Hours
• Develop entrepreneurial aptitude, compete for seed capital and working space through Stanley Black & Decker Business Plan Competition
• Learn from actual IRS special agents how to investigate financial fraud
• Tour New York and Boston financial centers and attend events such as New York Entrepreneurship Week

OUTSTANDING ROI — WHERE BUSINESS GRADUATES START THEIR CAREERS
Graduating Business School students discover that their education provides an outstanding Return On Investment. Why? Take a look at some of the places they begin their careers.

Aetna Financial Services  J. P. Morgan
Blum Shapiro                   Northeast Utilities
Bristol Meyers                PricewaterhouseCoopers
Carrier Corp.               Pratt & Whitney
CIGNA                       SAI Systems
Coopers & Lybrand             The Stanley Works
Foxwoods Casino               State Street Bank, Boston
GE                           Teledyne, Inc.
IBM                         Travelers
Johnson & Johnson            Unilever
                            Verizon

“When I tell students that I’ve started seven businesses and that some of them failed, students understand that I’ve been through what they may go through, what they hope to go through. It’s a real-life story that illustrates business theory.”

Drew Harris, Professor of Management & Organization
MAKING A DIFFERENCE
The School of Education will prepare you to teach in today’s increasingly complex classrooms. Our network of Professional Development Schools — which connect our students with area schools — will put you in classrooms for hands-on teaching experiences that breed the confidence you need on Day 1 of your career.

CCSU has been providing Connecticut with teaching professionals for nearly 170 years. We have been accredited by the National Council for the Accreditation of Teacher Education (NCATE) longer than any institution in the state. And our graduates are among the most highly regarded in New England, regularly honored with local, state, and national awards as teachers, principals, or superintendents of the year.

PROFESSIONAL STUDIES
Want to become a professional trainer? Run your own fitness center or lead a corporate one? CCSU offers programs in two of the hottest professional fields: athletic training and exercise science & health promotion. Our graduates are highly successful as trainers in programs from high school to the NFL!

We also offer the most innovative approach to nursing, through either an RN/BSN program for Registered Nurses wishing to pursue a baccalaureate, or a 4-year, standard BSN program.

Whichever path you choose—education or professional studies—you’ll have the full support of our Advising Center. We’ll help you plan your studies and show you the way to a rewarding career!
SEE YOURSELF @ THE SCHOOL OF EDUCATION & PROFESSIONAL STUDIES, WHERE YOU CAN:

• Volunteer for CCSU Pre-Kindergarten Olympics for Fitness & Literacy
• Travel to Lima, Peru, with fellow social work majors performing community work
• Present research at New England Chapter of American College of Sports Medicine Conference
• Provide free medical screenings for local residents who lack proper health or medical care
• Design effective exercise & health programs using state-of-the-art equipment
• Create community health clinics in Montego Bay, Jamaica with fellow nursing majors

“We are working in the schools with our students, watching them teach, supervising them. Student teachers get instant feedback about what went right and what needs work.”

Associate Professor of Teacher Education Barbara Clark

PROVIDING PROFESSIONAL EXCELLENCE Where SEPS graduates serve their communities

As educators —

The School of Engineering, Science & Technology will prepare you to become a leader in the high-demand STEM disciplines. The School is one of only two public institutions in Connecticut offering undergraduate engineering programs and is focused on experiential learning and team work. Our professors will help you establish a solid foundation in basic science and math and then challenge you with exciting hands-on projects solving real-world problems in engineering, computer science, manufacturing, mathematics, robotics, technology, construction, life sciences, graphics, physics, and earth sciences.

Our programs are nationally accredited by ABET, ACCE, ATMAE, CAC, and NCATE.

Whether you need help in planning a major, tutoring to conquer an exam, or advice about internships and careers, the SEST Student Services Center is here for you.

“Responding to workforce demands, we’re the only university in the region with a robotics and mechatronics major. We are the first to answer the call in New England.”

Associate Professor of Manufacturing & Construction Management Daniel Kirby

For more information: www.ccsu.edu/SEST
SEE YOURSELF @ THE SCHOOL OF ENGINEERING, SCIENCE & TECHNOLOGY, WHERE YOU CAN:

- Explore marine ecosystems in Belize, Ireland, England, and Wales
- Compete in national Steel Bridge Competition using SAP2000 software
- Intern on CTfastrak construction project
- Design and build CCSU Lunar Rover for NASA Human Exploration Rover Challenge
- Work with Dr. Alfred Gates, ASME Distinguished Engineer of the Year, in studying, building, & flying multi-copter drones
- Create apps and GPS-based solutions while advising the Department of Transportation on CTfastrak busway program
- Present research at Northeast Undergraduate Research & Development Symposium
- Connect with local industries through the physics department’s “Optics in Action” series, enriching your experiential learning and helping you prepare for your career

“Working on the busway project was a truly great learning experience. Now I’m confident I can manage all aspects of construction.”
Senior Stephen Dayton, on his Construction Management internship with CTfastrak

“The Biomolecular program at CCSU has given me a solid foundation and essential tools to allow me to further my education at a school of pharmacy.”
Scott Jagora, Biomolecular Sciences Graduate

—

SCHOOL OF ENGINEERING, SCIENCE & TECHNOLOGY GRADUATES GO TO WORK!
Our graduates work as programmers, software engineers, graphic designers, web developers, civil engineers, construction-project managers, estimators, educators, manufacturing and mechanical engineers, tool and product designers, production planners, and supervisors. They work in virtually every engineering and technology field. And they have remarkable success in finding career-starting jobs. Placement rates often approach 100 percent! Here are a few of the many fine corporations where recent graduates began their careers.

HONORS PROGRAM
Students who are passionate about learning and relish deeper discussions want the extraordinary experience of the team-taught courses in Western Culture, Science & Society, and World Cultures. Honors students take part in special activities, including concerts, performances, lectures, and field trips, and are eligible for half- and full-merit scholarships. Information: www.ccsu.edu/honors

PRE-HEALTH & PRE-LAW
Interested in health care, one of the most in-demand professions? You can work with the Pre-Health Professional Advisory Committee to prepare for careers in medicine, dentistry, veterinary medicine, optometry, and related fields in the health sciences to develop an academic program that will help you get into the appropriate school. Information: www.ccsu.edu/prehealth

If you’re interested in going to law school, you can work with one of our team of pre-law advisors to develop an academic plan to take you to the front door of some of the best law schools in the nation—such as George Washington University Law and Harvard Law, to name two where recent graduates have gone. Information: www.ccsu.edu/prelaw

“The Honors classes are great! I took a course about zombies, a course about pseudoscience, an Asian politics course, and a Greek and Roman literature course. There is prestige about the program that makes you excited to be a part of it!”

Ian Mangione, Honors Program Graduate
What can you do with a DEGREE FROM CCSU

Where will you go and what will you do when you graduate from CCSU? Here’s what a few of our graduates have done. Let their success inspire yours!

**Carol A. Ammon ’73**, founder and CEO, Endo Pharmaceuticals, $4 billion company; educational and healthcare philanthropist

**Carmen Espinosa ’71**, Connecticut’s first Latina State Supreme Court Justice

**Phil Barnett ’97 & Will Quijano ’97** had a great idea as enterprising students at CCSU and they turned it into the award-winning Hartford Restaurant Group, a franchise of nine family-friendly restaurants

**Tamika Knight ’00**, 5th-grade teacher in the Annie Fisher STEM Magnet School, she was named the 2012 Milken Educator Award winner, one of the most prestigious teaching awards in the nation

**Kate Callahan ’13**, indie singer/songwriter who has released several CDs and performs throughout the northeast

**Kenneth R. Champion ’79**, Program Director & Deputy to Executive Director of United Nations $2.1 billion renovation. Other projects include renovations of Ellis Island, the Statue of Liberty, and Rockefeller Center

**Ululy Martinez ’96**, Director, Cablevision Systems, CT, NY, NJ

**Troy McMullen ’89**, Journalist, Forbes magazine

**Marques Ruff ’10**, Bass-Baritone, Chanticleer, Grammy Award-winning Ensemble

**Suchana Apple Chavanich ’97**, Associate Professor, Reef Biology Research Group, Marine Science, Chulalongkorn University, Bangkok, Thailand

**Erin Stewart ’09**, Mayor of the City of New Britain

**Kateryna Wowk ’04**, Senior Associate, Policy Harte Research Institute at Texas A&M
STUDY ABROAD

There are few things more exciting, more rewarding, and more fun than studying in a foreign country with your friends. CCSU’s extensive array of study-abroad educational programs will take you to places you may only have dreamed of. Through the Center for International Education you can live and study overseas for an entire academic year or take a short-term course abroad.

Programs are offered in China, France, Ghana, Italy, Jamaica, Japan, Poland, Sweden, and the United Kingdom, among many other destinations. The Center provides students with a lot of help, too—advising you on program selection, providing pre-departure cultural and academic orientation programs, and helping with credit transfer. Short-term study-abroad programs have explored rainforests in Costa Rica, the Great Wall in China, wildlife preserves in Africa, and many other intriguing places.

TOP RATED
The Institute of International Education has recently ranked our Study Abroad program 23rd in the nation for the number of students studying abroad and our shorter Course Abroad program 11th in the nation.
CCSU is a great place for learning. It’s also a great place to have fun and hang with your new friends. The best way to see what we mean is to take a campus tour, but here are some things we think make CCSU exceptional.

SSH & RVAC. The Social Sciences Hall and the Robert Vance Academic Center are architectural marvels and our most modern academic buildings.

Welte Hall. One of Connecticut’s largest auditoriums, Welte is a state-of-the-art performance space for music and dance and spellbinding lectures. For plays and art galleries, check out Maloney Hall and the Samuel S. T. Chen Art Center.

Interested in fitness? Kaiser Hall features a swimming pool, Nautilus, and free-weight training equipment; plus, there’s a 3,000-seat gymnasium where you can catch Blue Devil Basketball or play intramurals with RECenral. The Kaiser Annex, or “Bubble,” has five tennis courts, a three-lane track, and two full-length basketball courts. Arute Field is where you can catch Div I football. Nearby are a new soccer field, outdoor track, and state-of-the-game baseball and softball fields.

The Student Technology Center is one of the most popular places on campus and it’s open seven days a week. It features the latest PCs, Macs, printers, scanners, and online capabilities.

The Elihu Burritt Library has more than 750,000 books and provides full access to online references and to catalogs of the other libraries in the ConnSCU System.

The Student Center — nationally recognized as one of the 25 Most Awesome Student Centers in the nation — is the place for food, friends, books, quiet spaces, and much more. It houses the University Bookstore, the Devil’s Den Food Court, the Breakers Game Room, Alumni Hall, and many other rooms and meeting areas. There’s also The Devil’s Den@10, featuring student-directed live entertainment.
One of the reasons CCSU has been honored as a Great College for the Real World is the University’s commitment to develop career opportunities. When you’re ready to make the transition from college to career, you’ll discover that CCSU has prepared you well.

Our Career Success Center provides career exploration opportunities and resources to help you develop your career plan and goals. The CSC provides individualized career counseling; workshops in resume writing, interviewing, and job-search strategies; an extensive online library of employer information; computerized job posting of part-time and full-time jobs and internships.

Recruiters from major corporations, government agencies, and school systems visit campus regularly to answer your questions and to help you take steps toward that all-important first job after college. We also offer several career fairs each year.

As part of your career development, you will be encouraged to take advantage of experiential learning opportunities such as internships, cooperative education, service learning, study abroad, and on-campus clubs and activities. Our professors and administrative staff will help you find these valuable opportunities so that you can apply what you are learning in class in a real-world situation, acquire marketable skills, gain career-starting work experience, and learn about potential employers.

Support Services

CCSU offers many support services to help you make the most of college, encouraging your academic and personal growth.

The First-Year Experience (FYE) Program extends freshman orientation into your regular academic courses, easing the transition to collegiate academic life and allowing you to explore potential majors before you declare.

Transfer Tuesdays provide an opportunity for new transfer students to learn more about CCSU, to make friends, share information, and find the support they need to easily become a part of the Blue Devil community. See www.ccsu.edu/transfer

The Learning Center is here to help you learn how to learn in college. Academic coaches will individually guide you on specific skills to ensure your academic success! Tutoring is also available in The Learning Center. Through Student Disability Services, The Learning Center arranges accommodations and auxiliary aids that will assist students with disabilities pursue their studies. See www.ccsu.edu/TLC

The Writing Center's workshops improve writing and enhance skills in research paper presentation and taking essay exams. See www.ccsu.edu/writingcenter

Student Wellness Services supports students' physical health, mental health, and overall wellness. We provide free and confidential medical and mental health services to students and provide wellness education and outreach programs to the entire CCSU community. See www.ccsu.edu/wellness

Our Office of Veterans Affairs assists eligible students in obtaining tuition waivers from the Veterans Administration. See www.ccsu.edu/veterans

The Center for International Education helps international students join the campus community by providing personal and cross-cultural counseling, and activities that will help them make friends and have fun while learning about other cultures. The Center also offers international students an Intensive English Language Program. See www.ccsu.edu/CIE

CCSU recognizes the importance of spirituality in many students' lives and offers an active Campus Ministry, which enables students to meet with Catholic, Muslim, Jewish, and Protestant clergy. CCSU also recognizes student religious and cultural groups, including Hillel Jewish Student Organization, Christian Students at Central, the Muslim Student Association, and the Newman Club. See www.ccsu.edu/ministry

The Ruthe Boyea Women's Center offers a variety of services for and about women, including peer education, support groups, crisis intervention, and educational and cultural programs. See www.ccsu.edu/Boyea
Your first year in college is a great time to explore —
If you’re into the arts, you’ll find lots of fascinating things to do—attend exhibits of paintings, sculpture, and photography; enjoy concerts from hip-hop to choral (and perhaps join or start a group); see, or participate in, dance productions and theatre; watch the best films, or learn from distinguished visiting speakers: www.ccsu.edu/arts

Do you want to develop leadership skills, meet new people, expand your horizons? Check out our 125+ student clubs and organizations: www.ccsu.edu/clubs

Have a great time on our intramural and club sports teams. CCSU’s Intramural Sports include Softball, Volleyball, Flag Football, Basketball, Floor Hockey. Our Club Sports include: Baseball, Dance, Equestrian, Ice Hockey, Karate, Lacrosse, Boxing, Rugby, Skiing, Soccer, and more. Check out www.ccsu.edu/RECentral.
Residence-hall living puts you in the middle of all the great things that happen at CCSU. You’ll make friends, have a safe and inviting place to study or relax, and make your own home away from home. Plus, it’s easy to get to classes, and all the research says you’ll get better grades if you live on campus. No wonder over half of our first-year students live here!

Most rooms in our 9 residence halls accommodate two students. But be sure to apply early! Space is limited and applications are considered on a first-come, first-served basis.

**James Hall** offers suite-style living (co-ed and single-sex). There are six to eight students per suite. Each suite has a common living area and bath.

**Barrows Hall** is a six-story, all-women’s residence.

**Gallaudet Hall**, has three floors for men, two for women, and one for both men and women.

**Vance Hall**, recently renovated, offers quad style living and is our second-largest residence hall and a great choice for first-year students.

**Sheridan Hall** offers co-ed living in a five-floor setting.

**Beecher Hall** offers co-ed living, with one floor for women and two for men; with complete fitness center.

**Sam May Hall** offers co-ed living, with two floors for men and one for women; with complete fitness center.

**Seth North Hall** a three-story corridor style residence hall, home to 110 first-year students.

**Mid Campus Residence Hall**, our newest and largest hall housing some 600 students, features 150 suite-style rooms, fitness facility, large community kitchen, and living room with a cozy fireplace on main floor.

**Theme Housing.** We offer two types of theme housing: First-Year Experience, in Seth North, which is home to first-year students only; and Living-Learning Communities, which are small groups of students who share at least one FYE course and one other course. For more information: www.ccsu.edu/theme

Each building has a live-in residence hall director and resident assistants on every floor. Alcoholic beverages are prohibited. All residence halls are smoke-free. Doors are locked each night at set hours, and the campus police regularly patrol residential areas. Safe, secure living for everyone is one of CCSU’s top priorities.

For more information: www.ccsu.edu/ResLife
Our 18 NCAA Division I programs are a major source of campus pride and excitement. Champions
Blue Devil football, men’s basketball, women’s and men’s soccer, men’s cross country, and our women’s swimming and diving teams have been frequent Northeast Conference Champions, with a lot of tournament trophies, too! All Blue Devil teams are highly competitive and bring it every game they play. Central fans are some of the best fans in the state: they bleed Blue Devil blue and you will too! And all home games are free for students.

For more information: www.ccsu.edu/bluedevils
We welcome applications from students with a broad range of abilities, interests, and backgrounds. We value academic scholarship, community involvement, and extracurricular activities. The preferred deadlines for first-year students: May 1 (for fall) and December 1 (for spring); for transfer students: June 1 (fall) and December 1 (spring); for international students: April 1 (fall) and November 1 (spring). The University reserves the right to discontinue the processing of applications once our class accommodations have been met.

**FIRST-YEAR STUDENT ADMISSION**

To be considered for admission, first-year applicants must submit the following:

- Completed application (apply online at www.ccsu.edu/apply)
- Non-refundable $50.00 application fee. Fee waivers are also acceptable. See your school guidance counselor for information.
- Official high school transcript
- High school class rank (if applicable)
- SAT I or ACT scores
  (scores may be sent either by the high school or The College Board)
- Two letters of recommendation
- Personal statement

Applicants must be graduates of accredited high or preparatory school or hold an equivalency diploma.

**TRANSFER STUDENT ADMISSION**

Students transferring from two- and four-year institutions are admitted upon consideration of their previous cumulative collegiate performance. A minimum cumulative grade point average of 2.0 with 12 or more transferable credits is required. We particularly encourage applications from associate degree graduates of the Connecticut State Colleges & Universities (CSCU). For more information and to apply, please see: www.ccsu.edu/transfer

**INTERNATIONAL STUDENT ADMISSION**

International students are warmly welcomed. The Center for International Education provides a variety of services including orientation to campus and community, personal and cross-cultural counseling, and activities that will help international students make friends and have fun while learning about other cultures. The Center also offers international students the **Intensive English Language Program** so that they achieve the skills, fluency, and confidence needed to communicate effectively in both spoken and written English. For more information and to apply, please see: www.ccsu.edu/cie

**FINANCIAL AID**

Students interested in applying for aid should complete the Free Application for Federal Student Aid (FAFSA) which may be found at www.ccsu.edu/finaid. In order for the Financial Aid office to receive your information, students must list our school code “001378” and our institution name “Central Connecticut State University” when filling out the FAFSA. The priority processing deadline for the fall semester is March 1 for new students though the FAFSA may be filed as early as January 1. It is important to contact the Office of Financial Aid regarding questions on application materials, required documents, eligibility requirements and priority deadline dates. For more information please see: www.ccsu.edu/finaid.
