For YOUR Safety at CCSU!

COVID-19 Measures

Fall 2020

www.ccsu.edu/blueprintForFall2020
For YOUR Safety, CCSU requires participation by everyone:

**Face masks:** Everyone on campus must wear a face mask in university buildings. When outdoors masks are required when maintaining 6 feet of distance from others is not possible.

**Practice social distancing:** Maintain 6 feet of physical space from others. Remember: YOU can spread COVID-19 to others even if you do not feel sick.

**Check your symptoms daily BEFORE coming to campus/class.**

**Wash your hands often:** Use soap and water and scrub for at least 20 seconds or use hand sanitizer (with 60% alcohol).

**Keep it clean:** Clean and disinfect frequently touched surfaces daily.

**Report symptoms:** If you develop COVID-19 symptoms, do not come to campus/class. Call a number below:

### Important numbers

**COVID Info Line and Resource Navigator:** (860) 832-3200
For COVID-19 campus information, procedures, or to report violations of University safety protocols.

**COVID Student Contact Center:** (860) 832-1910
Students call to report positive COVID-19 test or symptoms

**“All-Incidents” Employee Call Center:** (860) 832-3202
Employees call to report positive COVID-19 test or symptoms
Keeping COVID-19 in check

CCSU will assess the overall health of the campus community through symptom monitoring, contact tracing, quarantine and isolation procedures, and ongoing testing.

Symptom monitoring:
All students, faculty, and staff are urged to take the Medicat health survey every day! The Medicat data will provide University Health Services real-time information and ongoing metrics without the need for in-person visits.

How does it work:
Before leaving your home/dorm room:
Go to: https://ccsu.medicatconnect.com/
Log-in: Your CCSU email user name Password: Your CCSU email password
Answer two quick questions. If you answer yes to either:
• Students will be directed to contact the Student Wellness Center.
• Staff/faculty will be asked not to come to campus.
The HR Contact Center will follow-up with them.

Symptoms Check List
• Have you or someone you live with been recently diagnosed with COVID-19?
• Do you have any of the following:
  - Fever or chills
  - Shortness of breath/Difficulty breathing
  - Headache
  - Sore throat
  - Nausea/vomiting
  - Cough
  - Muscle/body aches
  - Loss of taste or smell
  - Congestion/runny nose
  - Diarrhea

Testing
Griffin Health will conduct weekly testing of 5 to 10 percent of the resident student population, residence hall staff, and student athletes to help the University identify emerging transmission trends and inform infection control measures.

Contact Tracing
The Connecticut Department of Health will notify CCSU personnel of all known or suspected cases of COVID-19 tied to the University. CCSU’s Contact Tracing Center will work in conjunction with the local health department for symptom tracking and contact tracing when a member of the CCSU community tests positive for COVID-19.
On-Campus Quarantine and Isolation

• **Test positive** for COVID-19? 14-day isolation required. Students have the choice of isolating at home or on campus in Seth North Hall. They must refrain from leaving hall or returning to campus until providing medical proof of recovery.

• **Exposed** to someone who tests positive for COVID-19? 14-day quarantine required. Students have the choice of quarantining at home or on campus in Beecher Hall. They must refrain from leaving hall or returning to campus until providing medical proof of recovery. Those who test positive will be moved to Seth North.

Compliance

At all times, the CCSU community, campus visitors, and vendors are expected to comply with the University’s COVID-19 health and safety protocols, which include wearing an appropriate face mask, social distancing, and following posted guidelines such as directional signs in stairwells.

To report an individual who is noncompliant, call the CCSU COVID Hotline at (860) 832-3200.

Other Safety Measures:

• A steady supply of masks, hand sanitizer, and sanitizer wipes are available throughout campus.

• Plexiglass barriers in classrooms, administrative offices, serveries, and dining rooms.

• Furniture reconfigured or removed in classrooms to establish new capacities for in-person classes.

• HVAC improvements for optimal airflow in buildings

• Placement of visual reminders of our health standards throughout campus.
