<u>Independent Auditor's Report</u>

To the Board of Directors
The CCSU Foundation, Inc.

Opinion

We have audited the financial statements of The CCSU Foundation, Inc., which comprise the statement of financial position as of June 30, 2022, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of The CCSU Foundation, Inc., as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"); Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The CCSU Foundation, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The CCSU Foundation, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of The CCSU Foundation, Inc.'s internal control. Accordingly, no
 such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The CCSU Foundation, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Report on Summarized Comparative Information

CohnReynickZIP

We have previously audited The CCSU Foundation, Inc.'s June 30, 2021 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated November 29, 2021. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2021 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Notes to Financial Statements June 30, 2022

Note 1 - Nature of activities

The CCSU Foundation, Inc. (the "Foundation") operates exclusively for charitable and educational purposes. The Foundation was formed for the purpose of supplementing institutional enrichment, student support university programs and academic enrichment of Central Connecticut State University (the "University" or "CCSU"). The Foundation solicits donations of monies, securities or properties, and acts as custodian for funds and property received. The Foundation then disburses such funds, property, or the income therefrom in aiding, supplementing, improving, and enlarging the educational, cultural and research facilities and activities of the University.

Note 2 - Summary of significant accounting policies

Basis of presentation

The Foundation's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The Foundation reports information regarding its activities and net assets in two classes of net assets as follows: net assets with and without donor restrictions.

Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Net assets without donor restrictions - Net assets without donor restrictions represent available resources other than donor-restricted contributions. Included in net assets without donor restrictions are funds that may be earmarked for specific purposes.

Board-designated net assets - Net assets established by the Board of Directors, which represent unrestricted funds set aside for future needs of the Foundation.

Net assets with donor restrictions - Net assets subject to donor- (or certain grantor-) imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Summarized comparative information

The statements of financial position, activities and changes in net assets, functional expenses, and cash flows include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Foundation's financial statements for the year ended June 30, 2021, from which the summarized information was derived.

Tax-exempt status

The Foundation is exempt from federal income taxes under subcategory of 509(a)(3) of the provisions of Internal Revenue Code Section 501(c)(3). However, certain operations of the Foundation may qualify as unrelated business taxable income and to the extent that these operations generate income, they will be subject to federal and state taxes.

The Foundation's federal and state informational returns prior to fiscal year 2019 are closed and management continually evaluates expiring statutes of limitations, audits, proposed settlements, changes in tax law and new authoritative rulings. The Foundation has no unrecognized tax benefits at June 30, 2022.

Notes to Financial Statements June 30, 2022

If the Foundation had unrelated business income taxes, it would recognize interest and penalties associated with any tax matters as part of the income tax provision and include accrued interest and penalties with the related tax liability in the statement of financial position.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and cash equivalents

For purposes of reporting cash flows, cash and cash equivalents include cash on hand and short-term investments with original maturities of three months or less.

Investment valuation and income recognition

Investments in equity securities with readily determinable fair values and all debt securities are carried at fair value.

Investment income and realized and unrealized gains and losses, net of investment expenses, are recorded in the statement of activities and changes in net assets as net assets without donor restrictions, unless restricted by donor stipulation or by operation of law.

Investment income and realized and unrealized gain or losses are allocated quarterly on the basis of fund balances. If a realized or unrealized loss results in a donor-restricted balance below what is required to be maintained in perpetuity, the underwater fund is reimbursed from future gains. There were no underwater endowments as of June 30, 2022.

Contributions

Transactions where the resource provider does not receive commensurate value are deemed to be contributions. Contributions are classified as either conditional or unconditional. A conditional contribution is a transaction where the Foundation has to overcome a barrier or hurdle to be entitled to the resource and the resource provider is released from the obligation to fund or has the right of return of any advanced funding if the Foundation fails to overcome the barrier. The Foundation recognizes the contribution revenue upon overcoming the barrier or hurdle. Any funding received prior to overcoming the barrier is recognized as refundable advance. Unconditional contributions are recognized as revenue and receivable when the commitment to contribute is received.

Conditional and unconditional contributions are recorded as either with donor restrictions or without donor restrictions. Contributions are recognized as contributions with donor restrictions if they are received with donor stipulations that limit the use of the donated asset or are restricted for time. Contributions received with no donor stipulations are recorded as contributions without donor restrictions. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified as net assets without donor restrictions and are reported in the statement of activities and changes in net assets as net assets released from restrictions.

Notes to Financial Statements June 30, 2022

Contract revenue recognition

Revenue for event program fees is recognized when control of the promised service is transferred to the Foundation's customers, in an amount that depicts the consideration the Foundation expects to be entitled to in exchange for those services. Revenue is not recognized unless collectability under the contract is considered probable, the contract has commercial substance and the contract has been approved. Additionally, the contract must contain payment terms, as well as the rights and commitments of both parties.

When the resource provider receives commensurate value in return for the resources transferred to the Foundation, the revenue is accounted for as an exchange transaction in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2014-09, Revenue from Contracts with Customers. Revenue from grants and contracts that are accounted for as exchange transactions is recognized when performance obligations have been satisfied. Cash received in advance of meeting performance obligations is recorded as deferred revenue.

The Foundation's payment terms vary by the type of services offered. The Foundation's standard payment terms generally align with the timing of the services performed and do not include a financing component. The Foundation has the unconditional right to consideration as it satisfies the performance obligations; therefore, no contractual assets are recognized.

Promises to give

Promises to give due in more than one year are recognized at fair value, using present value techniques and the current discount rate at the time of the promise to give to the Foundation.

Management evaluates the need for an allowance for doubtful accounts based upon factors surrounding the creditworthiness of the donor, historical collection trends and current economic conditions. Promises to give which are determined to be uncollectible are charged against bad debt expense.

Other asset

The Foundation purchased a parcel of land. The Foundation intends to lease the land to the University in future years.

Interest in perpetual trusts

The Foundation is one of several income beneficiaries of two trusts. The Foundation regularly receives income distributions from the trusts, the amounts of which are recorded as investment income with donor restrictions from perpetual trust in the statement of activities and changes in net assets. Income received with respect to the trusts was \$24,358 for the year ended June 30, 2022. The change in the value of the trusts was \$85,801 during the year ended June 30, 2022. The principal for the trusts is controlled by bank trustees independent of the Foundation.

Custodial fees

The Foundation charges a custodial fee to class accounts and specified activities equal to three quarters of one percent (0.75%) of the five-year average of the quarterly market value of the fund or \$25, whichever is greater, as long as a deficit in the fund is not created. Custodial fees totaled \$532,839 for the year ended June 30, 2022. These fees are utilized to provide for the general operations of the Foundation and are eliminated in the statement of activities and changes in net assets.

Notes to Financial Statements June 30, 2022

Functional expense allocation

The statement of functional expenses present the natural classification detail of expenses by function. Donated services are allocated based upon time spent. The Foundation directly allocates all other costs among the programs and supporting services benefited.

Endowment and spending policy

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation, which is approved by the Board of Directors, and assumes a moderate level of investment risk to achieve its long-term return objectives within prudent risk constraints.

The Foundation's investment and spending policy over endowment assets attempts to provide a predictable stream of funding while seeking to maintain the purchasing power of the assets. All appropriations are approved by the Board of Directors. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

The Foundation has a policy of appropriating for distribution each year 5% of the endowment fund's five-year average of the quarterly market value inclusive of fees. In establishing this policy, the Foundation considered the long-term expected return on its endowment. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to earn a total return, net of fees, of 5% in excess of the Higher Education Price Index. Accordingly, over the long term, the Foundation expects the current spending policy to allow its endowment to preserve and grow its real value. This is consistent with the Foundation's objective to maintain the purchasing power of the endowment assets.

Distributions allowed in accordance with the spending policy were \$3,222,675 and actual distributions were \$2,891,403 for the year ended June 30, 2022.

Collections

The Foundation capitalizes its collection of artwork (see Note 10). Accessions are capitalized at cost if purchased and at fair value at date of accession if received by donation. Gains and losses on deaccessions of donated artwork are reported as changes in net assets based on the presence or absence of donor restrictions. Artwork is protected, kept unencumbered, cared for and preserved. The Foundation's policy requires that proceeds from the sale of collection items or insurance proceeds be used solely for acquisition of other collection items, the direct care of existing collections, or another appropriate purpose as approved by the Board. Direct care includes the costs related to the security of the collection and of providing adequate protection from heat, light, sun, water and any other environmental issue that would be detrimental to the long-term safety of the collection. Costs of purchasing collection items are recognized as an expense in the year of acquisition; proceeds from sale and insurance recoveries are recognized as revenue in the year of sale or loss.

Donated services

Donated services are recognized in the financial statements if the services received require specialized skills are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. Certain services donated to the Foundation by community volunteers do not meet the above criteria and, therefore, are not recognized in the financial statements.

Notes to Financial Statements June 30, 2022

Subsequent events

Management has reviewed subsequent events through November 16, 2022, which is the date the financial statements were approved and available for issuance.

Note 3 - Newly adopted accounting standards

The Foundation adopted FASB ASU 2020-07, Contributed Nonfinancial Assets (Topic 958). The standard changes the disclosure requirements for contributed nonfinancial assets. The Foundation adopted the provisions of ASU 2020-07 on July 1, 2021. There is no effect on net assets in connection with the implementation of ASU 2020-07.

Note 4 - Concentrations

Credit risk

Financial instruments which potentially subject the Foundation to concentrations of credit risk consist primarily of cash and cash equivalents, receivables, and investments. The Foundation maintains its cash and cash equivalents with high-credit quality financial institutions. At times, such amounts may exceed federally insured limits. At June 30, 2022, the Foundation had \$3,656,726 in excess of the federally insured limit.

Concentrations of credit risk with respect to donations and grants are limited due to the large number of contributors to the Foundation, comprised of individuals, corporations, and foundations primarily in the State of Connecticut.

Market risk

The Foundation's investments are in fixed income and equity securities placed with a wide array of companies and funds. This investment policy limits the Foundation's exposure to concentrations of credit risk.

Donor concentration

The Foundation received approximately 52% of its revenue from three donors for the year ended June 30, 2022.

Notes to Financial Statements June 30, 2022

Note 5 - Available resources and liquidity

The Foundation regularly monitors liquidity required to meet is operating needs and other contractual commitments, while also striving to maximize the investment of its available funds.

As of June 30, 2022, the Foundation has the following financial assets available to meet annual operating needs for the 2023 fiscal year:

Cash and cash equivalents Investments Promises to give	\$ 2,573,025 86,160,045 501,880
Financial assets accessible by management in the next year	89,234,950
Add Spendable amount per spending policy for 2023 Less	3,126,399
Promises to give after more than one year Funds restricted due to time or purpose Funds to be used in perpetuity	384,883 32,673,289 54,472,853
Financial assets accessible by management in the next year	\$ 4,830,324

Donor funds restricted to time or purpose anticipated to be used after one year may be used in the next year as long as the purpose or time restriction is met. Upon approval of the Board, the board-designated funds may be repurposed and used within any year. Additionally, the Board may approve the use of additional endowment investment earnings above the spending policy. However, prudent investment management must be considered to ensure the preservation of the funds for future use.

Note 6 - Promises to give

Unconditional promises to give are classified as with or without donor restrictions depending on the existence and/or nature of any donor restriction. As of the end of the year, unconditional promises to give consisted of the following at June 30, 2022:

In one year or less One to five years More than five years	\$ 116,997 315,485 204,000
Less allowance for noncollectible amounts Less discount at 2.8%	 636,482 (95,472) (39,130)
Total	\$ 501,880

Approximately 71% of promises to give are from a single donor.

Notes to Financial Statements June 30, 2022

Note 7 - Investments

Investments consisted of the following at June 30, 2022:

Cash and cash equivalents	\$ 287,668
Domestic equities	6,467,485
International equities	429,157
Mutual funds	
Fixed income	21,329,814
Domestic equities	24,183,042
International equities	15,128,905
Alternative investments	 18,333,974
Total	\$ 86,160,045

Note 8 - Fair value measurements

The Foundation values its financial assets and liabilities based on the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In order to increase consistency and comparability in fair value measurements, a fair value hierarchy prioritizes observable and unobservable inputs used to measure fair value into three broad levels, which are described below:

- Level 1: Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities. The fair value hierarchy gives the highest priority to Level 1 inputs.
- Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in inactive markets; or model-derived valuations in which all significant inputs are observable or can be derived principally from or corroborated with observable market data. If the asset or liability has a specified (contractual) term, a Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3: Unobservable inputs are used when little or no market data is available. The fair value hierarchy gives the lowest priority to Level 3 inputs.

In determining fair value, the Foundation utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible as well as considers counterparty credit risk in its assessment of fair value.

Notes to Financial Statements June 30, 2022

Financial assets carried at fair value as of June 30, 2022 are classified in the table below in one of the three categories described above:

		Level 1		Level 2	2		Level 3		NAV		Total
Cash and cash equivalents	\$	287,668	\$		-	\$	_	\$	-	\$	287,668
Domestic equities		6,467,485			-		-		-		6,467,485

Valuation techniques

Equities and mutual funds - These investments are valued using market prices on active markets ("Level 1"). Level 1 instrument valuations are obtained from real-time quotes for transactions in active exchange markets involving identical assets. Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Foundation are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Foundation are deemed to be actively traded.

<u>Alternative investments</u> - These investments are based on the NAV as a practical expedient. Funds may be redeemed at or near the measurement date. Funds in this category include hedge funds and limited partnerships.

There were no transfers, purchases, or issuances of the Foundation's Level 3 financial instruments during the year ended June 30, 2022.

Fair value of investments in entities that use NAV

The following table summarizes investments measured at fair value based on NAV per share as of June 30, 2022:

	 SEI Core Property Fund LP	_	EI GPA III Private quity Fund	EI GPA IV Private quity Fund	SEI GPA V Private Equity Fund		;	EI Special Situations Fund Ltd
Fair value	\$ 5,872,255	\$	2,388,813	\$ 3,163,087	\$	1,134,684	\$	5,775,135
Unfunded commitments Redemption frequency Redemption notice period	\$ - Quarterly* 95 days	\$	786,239 n/a n/a	\$ 1,233,900 n/a n/a	\$	2,594,202 n/a n/a		- mi-Annual** 95 days

^{*} via redemption request and may be subject to queue at the discretion of the advisor

There were no changes in the valuation techniques and related inputs.

^{**}via redemption process; redemptions can be gated to 20% by the fund board

Notes to Financial Statements June 30, 2022

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 9 - Cash surrender value of life insurance

Certain donors purchased insurance policies with the Foundation as the owner and beneficiary of the policies. The Foundation is responsible for payment of the premium on one of the policies. The premium amount is contributed annually by the donor. The remaining policies are fully paid and require no premiums. CCSU, as owner of the policies, has recorded cash surrender value of \$162.853 as of June 30, 2022.

Note 10 - Art collection

The Foundation has adopted the policy of capitalizing collections of artwork in its financial statements. The Foundation holds the Sol Lewitt and the Chen art collections valued at \$57,000.

Note 11 - Payable to Alumni Association

A memorandum of understanding, as amended on October 28, 1986, exists between the Foundation and the CCSU Alumni Association stating that 50% of the unrestricted Alumni contributions (net of expenses) raised during the year will be turned over to the Alumni Association. There was no amount due to the CCSU Alumni Association at June 30, 2022.

Note 12 - Board-designated net assets

The Board has designated \$170,308, including accumulated earnings of \$20,308, to be endowed and used for scholarships.

Note 13 - Net assets with donor restrictions

Net assets subject to expenditure for specified purposes:

Institutional enrichment	\$ 1,946,074
Student support	20,013,326
Auxiliary	2,134,181
Academic enrichment	8,579,708
Total	32,673,289

Notes to Financial Statements June 30, 2022

Net assets restricted in perpetuity include:

Institutional enrichment	1,679,116
Student support	41,657,778
Academic enrichment	 11,135,959
	54,472,853
Total donor-restricted net assets	\$ 87,146,142

Promises to give in perpetuity will be recorded in the endowment upon receipt of the payment of the promise.

Note 14 - Net assets released from restrictions

Net assets with donor restrictions were released from donor restrictions during the year by incurring expenses satisfying the restricted purpose specified by the donor or by passage of time. The net assets with donor restrictions released from restrictions related to the following:

Institutional enrichment	\$ 127,600
Student support	3,269,311
Auxiliary	688,982
Academic enrichment	 594,078
Total	\$ 4,679,971

Note 15 - Transactions with Central Connecticut State University

The University provided donated services to the Foundation in the amount of \$1,795,003. These services were used for student support, administration and fundraising. They were valued at the University employee's time and benefit amounts for services performed for the Foundation. The services were utilized by the Foundation and did not have any donor restrictions.

To ensure the proper use of the scholarship funds by students, the Foundation routinely disburses such funds directly to the University. The Foundation provided institutional support for various programs and other services. All of the Foundation's expenditures are in an effort to advance the University.

Notes to Financial Statements June 30, 2022

Note 16 - Endowment

Endowment net asset composition and changes in net assets by type of fund as of June 30, 2022 are as follows:

		With donor restrictions				
	 nout donor strictions	Tin	ne or purpose restricted	F	Restricted in perpetuity	Total
Endowment net asset composition						
Donor-restricted endowment funds Board-designated endowment funds	\$ - 170,308	\$	28,392,380 -	\$	53,497,073 -	\$ 81,889,453 170,308
	\$ 170,308	\$	28,392,380	\$	53,497,073	\$ 82,059,761
Change in endowment net assets						
Endowment net assets, beginning of year Investment return	\$ 162,729	\$	39,052,245	\$	49,843,055	\$ 89,058,029

Contributions	25,000		-		3,630,989	3,655,989
Amounts appropriated for expenditure	(3,236)		(2,888,167)		-	(2,891,403)
Other changes	 		35,972		23,029	 59,001
Endowment net assets, end of year	\$ 170,308	\$	28,392,380	\$	53,497,073	\$ 82,059,761

The Foundation's endowment includes various donor-restricted endowment funds. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. The Board of Directors has interpreted the Connecticut Uniform Prudent Management of Institutional Funds Act ("CTUPMIFA") as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions restricted in perpetuity as (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in net assets with donor restrictions restricted in perpetuity is classified as net assets with donor restrictions restricted by time or purpose until those amounts are appropriated for expenditure by the Board of Directors in a manner consistent with the standard of prudence prescribed by CTUPMIFA.

Notes to Financial Statements June 30, 2022

In accordance with CTUPMIFA, the Foundation considers the following factors in deciding to appropriate or accumulate donor-restricted endowment funds:

- The duration and preservation of the fund;
- The purposes of the Foundation and the donor-restricted endowment fund;
- General economic conditions;
- The possible effect of inflation and deflation;
- The expected total return from income and the appreciation of investments;
- · Other resources of the Foundation; and
- The investment policies of the Foundation.

Note 17 - Commitment and contingencies

The Foundation maintains an agreement between the Foundation and the University dated December 2004. This agreement specifies that the Foundation shall maintain an identity separate from that of the University, while working only to serve the interests of the University.

In early 2020, an outbreak of a novel strain of coronavirus ("COVID-19") emerged globally. As a result, events have occurred including mandates from federal, state and local authorities leading to an overall decline in economic activity. As of June 30, 2022, there was no significant impact to the Foundation's operations. However, the Foundation is not able to reliably estimate the length or severity of this outbreak. If the length of the outbreak and related effects on the Foundation's operations continues for an extended period of time, there could be a loss of revenue and other material adverse effects to the Foundation's financial position, results of operations, and cash flows.
