

Read about Upcoming Changes

Many members of the State Employees Retirement System (SERS) are concerned about rule changes that will apply to those who retire after July 1, 2022. To help you understand those changes, the Retirement Services Division (RSD) has a [detailed explanation](#) of the 2022 rule changes.

Both documents, along with other resources that can help you understand exactly how the 2022 changes will affect you, are available on a [dedicated page](#) at the website of the Office of the State Comptroller (OSC).

Attend Our Webinars

We will also be explaining the upcoming rule changes in online webinars. If you attend one of these sessions, you will have the opportunity to pose questions directly to RSD staff in a live, online chat. This makes them a great resource for anyone who is concerned about what 2022 will mean for their retirement. Even if you can't attend one of the webinars at a scheduled time, you can still take advantage of them, because each one will be recorded and posted to our website. This will allow you to watch the video—and to see the answers to questions that other members have raised—at a time that is convenient to you.

Our first webinars will take place on the following dates:

- October 22, 2021 at [10:00 am](#) and [2:00 pm](#)
- October 27, 2021 at [9:00 am](#) and [2:00 pm](#)
- November 1, 2021 (tentative, times to be determined).
- Additional sessions to come!

You will find links to the webinars on the [page dedicated to 2022 resources](#) on the OSC website. A recording of each session will be posted on the same page.

More to Come

Please feel free to check the link above periodically for any updates and new tools and information our office may release.

In planning your retirement, you will have to make important decisions that will impact you and your family in complex ways. We hope our new and existing tools will make this process simpler and less stressful for you.

Sincerely,

The Retirement Services Division
