Citrix – How to change from Light Citrix version to Desktop Citrix version

1. Go to [https://secureapps.ccsu.edu](https://secureapps.ccsu.edu)
2. Click Detect Citrix Workspace App
3. If you don’t get asked to Detect Citrix Workspace app, click on the Settings gear on the top right corner and select Account Settings.

![Account Settings](image1.png)

4. Click “Change Citrix Workspace app”

![Change Citrix Workspace app](image2.png)

5. Click on “Detect Citrix Workspace app” and then click on “Already Installed”.
