"I believe there is no obstacle we can't overcome"

I am a witness to the fact that Everything in Life is Possible."

Franklin Mejias Castellanos will share his inspirational story of his quadruple amputation due to bacterial meningitis. In Franklin's new book he states, "It was the perfect job God had for me. Today I have decided to be the voice of all of those who don't believe that life is just wonderful...My mission is to positively impact the life of many people...taking my message to a combined total of more than 12,000 students including teachers and personalities...With my titanium legs I want to be an example, fear is only an obstacle. I ran Miami's half marathon for 2 consecutive years...There are no big dreams, only small minds."
