

FALL 2019

NEW

Parking Regulations

All individuals parking on campus are expected to follow the guidelines set forth in the included parking regulations.

* All students, faculty, and staff must obtain a **NEW** color-coded parking decal that will be displayed in the back windshield of their vehicle. Decals must be placed on the inside of your vehicle on the driver's side of the rear windshield. **All previous hang tags and stickers will no longer be valid.**

The specific color of these decals will correlate to a designated parking area on campus. **Students, faculty and staff who want to park on campus must have a colored decal.** Parking in areas that are not in accordance with your decal color will be a violation of the parking regulations, resulting in the issuance of a parking ticket.

Enforcement of these regulations will begin in the Fall of 2019. Before September 16, 2019, violators of these parking regulations will be issued a warning. Beginning **September 16, 2019** all violators will be issued a ticket and assessed a parking fine that will double after 10 days if not paid.

* *Vehicles displaying a handicap parking tag will have access to handicap parking spaces in all lots and garages on campus.*
