They can also sign up on myrec.ccsu.edu under special events.

FALL CONCERT FT GATCH

The students in the Central Activities Network hosted their Fall Concert on Saturday, **November 6th** in the Semesters area of the Student Center. Instead of spending a ton of money on a big name act, the group preferred to host a fun and talented group with roots in CT.

Gatch is the moniker of the lead singer and musician, but he has four other bandmates who play several instruments - including the sax!

In addition to great music, this event offered students a chance to get some fresh air outside with deep fried oreos, fried dough, hot coco, hot cider, and small fire pits. As a memento, students got their pictures on koozies, and could choose from a live event photo or upload a picture from their phones. Overall, it was great to have live music back at CCSU.

Students are invited to join Dr. Cheema, from Student Health Services, for an information session about COVID and vaccines. Students will have an opportunity to ask questions and enjoy desserts! The program takes place at noon on **November 17** in Semesters.

Student Satisfaction

Research, assessment, and data-driven decision making are a few cornerstones of the work done within Student Affairs. The department of Student Activities & Leadership Development (SA/LD) is asking students to participate in the Student Satisfaction Inventory this fall in order to garner feedback on their experiences at the university.

Week Two

November 8th-14th

Complete the survey for a chance to win a board game basket

The SA/LD Student Office Assistants can be found around campus promoting the survey. On **Mondays**, they will be in the Student Center Lobby from 10:30am-11:30am. Encourage students to head to the Kaiser Hall Lobby on **Tuesdays** from 3pm-4pm, where they can ask questions or pick up a free giveaway. On **Wednesdays**, SA/LD can be found in the lobby of the Memorial Dining Hall from 11:30am-12:30pm to motivate students to take the survey after they grab lunch.

STUDENT SATISFACTION INVENTORY SURVEY

1. Scan QR Code
2. Enter Your Student ID
3. Fill Out 10-15 Minute Survey
4. Check Your CCSU E-Mail for More Information on Weekly and Grand Prizes

The SSI is an assessment tool originated by Noel-Levits to take the pulse of the student body and can act as a benchmarking tool for CCSU. The survey is typically distributed every other year, which allows us to examine data longitudinally and see how we stack up against other institutions.

It goes without saying that we need to get as many students to take the survey in order for it to be statistically relevant. Please encourage students to participate. They have received several emails about the SSI (bonus: if they take the survey, they stop receiving email reminders!). Students also have the chance to win weekly and grand prizes.

Grand Prizes
