Level 1 students require to complete the Food Hygiene Certificate run by Virtual College. Students need to complete this within the first few weeks of starting the programme. We will be provided with the login in details either from Jacklyn or Andy Grainger. Students email address are then logged onto the site and the college then contacts the students directly.

Year one students will be presented at a BOE around the end of March for progression to DM061.

D4198 Comp 001 is a progression point and will be taken to the BOE in March/April. Students need to have passed this component before progressing to placement. Following completion of the module during the summer – comp 002 and Comp 003 must be presented at a BOE either the reassessment or Mop Up BOE.

Student will take DM061 at the end of Year One (SEM 3), continuing with the module into the start of Year Two.

### **Year Two 2027/28**

DM061	Innovative and Emerging Practice	40	Alison Lyles	3

# PARENTERAL AND ENTERAL NUTRITION GROUP (PENG) CLINICAL UPDATE COURSE – 2025/26

**Programme Leader: Alison Lyles**

**Route Code: PENG M**

**External Examiner:**

DM059	Clinical Update in Parenteral and Enteral Nutrition	20	Alison Lyles	2
-------	---	----	--------------	---

This module is run once a year f-2-f (semester 2 - March) and every 2<sup>nd</sup> year online in January (if there is demand, the online programme will run more). Both versions have pre-course component with work to be submitted prior to the teaching.

Students are given a matriculation number but do not apply through our Admissions Dept but through the BDA – British Dietetics Association. The BDA will then provide us with a list of students that need to be created in SITS.

Students can either complete the module and take the assessment or can be given a certificate of attendance. Those that pass the module get a transcript plus a certificate.

For the assessment submissions, students will submit as per other home students and will have their own area within the VLE. External tutors mark the assessments. We need to allocate each student to a tutor and then set up marking sections within Canvas, so the tutors only see their students. Once allocated send to Alison for approval. Student should be sent an email confirming who their tutor is.

Student marks/profiles will not come until either a January or March BOE of the following year. Reassessments will be presented at the August Resit BOES.

Communication with the students should be by their personal email address.

## **Conference**

This needs to be looked at in March. The Events team will be dealing with this. Delegates (Students) stay in the Halls for the duration of the conference. The BDA sends resources to be included in the delegate packs and may also courier equipment for some of the practical aspects of the conference. Events will sort out everything to do with the conference – including accommodation, dietary requirements and goodie bags.

There is a separate email address [penadministrator@qmu.ac.uk](mailto:penadministrator@qmu.ac.uk) however the emails will be forwarded directly to [academicadministration@qmu.ac.uk](mailto:academicadministration@qmu.ac.uk)

Within the g:drive there is a separate PENG area **G:\SCH - School Office\NEW - School Office Team\IPE & PEN Admin\PEN Administration\PENG June 26** – we also use a SharePoint area.

SM069	Theory and Practice of Interpreting 1	20	Rachel Mapson	1
SM070	Theory and Practice of Interpreting 2	20	Rachel Mapson	2

**Students progressing must select 80 credits from the electives below. If progressing to MSc student must select Research Methods as one of the electives.**

SM072	Interpreting in Healthcare Settings	20	Yvonne Waddell	1
FMH034	Methods of Enquiry	20	Cathy Bulley	1
SM076	Interpreting in Mental Healthcare Settings	20	Rachel Mapson	2
SM084	Supportive Practice	20	Yvonne Waddell	2/3

**MSc Only**

HSM009	Dissertation	60	Rachel Mapson Yvonne Waddell	Y
--------	--------------	----	---------------------------------	---

**Subsidiary Exit Points: PGCert Advancing Practice in Signed/Spoken Language Interpreting  
PG Dip Advancing Practice in Signed/Spoken Language Interpreting**

**Micro Credential Modules – Course Code MCHSC**

- MCS4205: Working with Sign Language Users and Interpreters – 10 credits
- MCS4206: Working with Sign Language Users and Interpreters – 0 credits
- MCSM097: Working with Sign Language Users and Interpreters – 10 credits
- MCSM072: Interpreting in Healthcare Setting – 20 credits
- MCSM076: Interpreting in Mental Healthcare Setting – 20 credits
- MCSM101: Interpreting in Healthcare Settings – 0 credit – Running Sept 2025
- MCSM102: Interpreting in Mental Healthcare Settings – 0 credit – Running Jan 2026

S1197	Foundations for SLT: Biological and Medical Sciences 1	20	Joan Ma	1
S1199	Foundations for SLT: Language Structure, Processing and Variation	20	Felix Schaeffler	2
S1200	Professional Practice: Lifespan Placement	20	Isla Davies	2
S1201	Foundations for SLT: Lifespan	20	Susie Lloyd	2
S1198	Professional Practice: Clinical & Professional Capabilities	20	Sara Wood	Y
S2197	Research for SLT: Cognitive Sciences and Research Methods 1	20	Felix Schaeffler	Y
HS1002	IDEAL Modules (HUB access only)	0	Julie Caufield	Y
HS1005	Mandatory Clinical Skills Training for Placement	0	Julie Caufield	Y

## Level Two

S2198	Foundations for SLT: Biological and Medical Sciences 2	20	Hannah Britton	1
S2199	Speech and Language Pathology: Developmental Language Disorders	20	Ann Hodson	1
S2200	Speech and Language Pathology: Specific Speech Disorders	20	Sara Wood	2
S2201	Speech and Language Pathology: Developmental and Acquired Dysphagia	20	Saskia Dade	2
S3272	Research For SLT: Cognitive Sciences and Research Methods 2	20	Felix Schaeffler	Y
S2202	Foundations for SLT: Advanced Phonetic Analysis	20	Felix Schaeffler	Y
S2203	Professional Practice: Practice-based Learning 2	20	Susie Lloyd	Y
S4196	Professional Practice: Competencies in Eating, Drinking and Swallowing (Occ C)	0	Kate Toft	Y

## Level Three

S3284	Speech and Language Pathology: Social Communication (Developmental)	20	Lynne Bremner	1
S4187	Speech and Language Pathology: Organic Speech Impairments & Voice Disorders	20	Saskia Dade	1
S3274	Professional Practice: Delivery Service to Reflect Diversity	40	Sarah Johnston	2
S4188	Speech and Language Pathology: Acquired Language and Neurogenic Communication Impairments	20	Hannah Britton	2
S3275	Professional Practice: Practice-based Learning 3	20	Sarah Johnston	Y
S4189	Research for SLT: Investigative Methods	40	Robin Lickley	Y
S4196	Professional Practice: Competencies in Eating, Drinking and Swallowing (B Occ)	0	Kate Toft	Y

#### Level Four

S4190	Speech and Language Pathology: Physical, Sensory and Intellectual Impairment	20	Siobhan Mack	1
SM082	Professional Practice: Applied Clinical Decision Making	40	Joan Ma	2
S4191	Professional Practice: Practice-based Learning 4	20	Susie Lloyd	Y
SM086	Professional Practice: Training & Leadership (these students have a different assessment pattern and are on AGR B – need to add to SMO)	20	Lynne Bremner	Y
HSM009	Dissertation	60	Robin Lickley	Y
S4196	Professional Practice: Competencies in Eating, Drinking and Swallowing (A Occ)	0	Kate Toft	Y

#### Example of how occurrences work for each level taking S4196:

**2025/26**            Level 4 = A Occ  
                          Level 3 = B Occ – they will then remain on B occ for 2026/27 for their assessment  
                          Level 2 = C Occ – they will then remain on C occ for the next two years

**2026/27**            Level 4 = B Occ  
                          Level 3 = C Occ – they will then remain on C occ for 2027/28 for their assessment  
                          Level 2 = A Occ – they will then remain on A occ for the next two years

**2027/28**            Level 4 = C Occ  
                          Level 3 = A Occ – they will then remain on A occ for 2028/29 for their assessment  
                          Level 2 = B Occ – they will then remain on B occ for the next two years

**Subsidiary exit points: 120 SCQF credits (level 7): Certificate of Higher Education**  
**240 SCQF credits (level 8): Diploma in Higher Education**  
**360 SCQF credits (level 9): BSc Communication and Speech Science**  
**480 SCQF credits (level 10) without practice-based components: BSc (Hons)**  
**Communication and Speech Science**

Professional registration Health and Care Professions Council (HCPC) and Royal College of Speech and Language Therapist (RCSLT) – on completion of the BSc (Hons) Speech and Language Therapy

For RCSLT notification, a new process is in place, and a spreadsheet needs to be completed.

Students are required to be Indexed at the beginning of their programme with NES/NMC, and on completion of the programme students will be registered with the NMC. NMC must also be notified of changes & withdrawals. Templates are in [SharePoint](#).

**Subsidiary exit points: 120 SCQF credits (level 7): Certificate of Higher Education**  
**240 QF credits (level 8): Diploma in Higher Education**  
**360 SCQF credits (level 9): BSc in Higher Education**

Additional exit award where a level 4 student has exhausted all reassessment opportunities but has met NMC requirement for practice and academic hours – BSc in Nursing with NMC registration – Prog Reg NU11

NMC COMPLETION CODE: RAN1

NMC COMPLETION ACADEMIC LEVEL: Level 10 (SCQF) for BSc Hons and Level 11 (SCQF) for Masters.

### **Programme Specific Regulations**

**NU1:** To complete a level (PART) of the programme, a student will normally be required to successfully complete all modules in that level. Students who are required to repeat modules will normally only be permitted to carry a maximum of 20 credits from Year 1 to Year 2 and Year 2 to Year 3 (SCQF 7 and 8 modules only). The reassessment will normally be undertaken when the module is next scheduled to run.

**NU2:** In modules where assessment consists of both academic and practice-based elements, no compensation will be allowed.

**NU3:** A fail in a practice learning experience (PLE) will result in a reassessment. The student will be offered the opportunity to retrieve this assessment in another PLE of not less than 4 weeks. This will require to be completed prior to progression to the next academic level/ Part of the programme.

**NU4:** Students will have one opportunity for reassessment in the Practice Supervisor/Practice Assessor assessed elements of clinical practice. Should a student be unsuccessful in a second PLE assessment at any further point in the four years of the programme, they will normally be required to withdraw from the programme.

**NU5:** A pass grade in an OSCA will be dependent on achieving 100% of any numeracy element.

**NU6:** Students must achieve 100% in the numeracy assessment to pass the zero-credit, stand-alone modules, and results will be given on a pass/fail basis only. These are core modules which must be successfully completed before progressing to the next year (Part) of the programme and as a requirement for the completion of the award. These stand-alone pass/fail modules will not be included as part of a numerical calculation for progression or award.

**NU7:** A student who, during the process of assessment, demonstrates inaccuracy of knowledge or skill that would potentially cause harm in its clinical application will automatically fail the assessment. This will be referred to the programme leader, who will investigate and take appropriate action.

**NU8:** A student who does not achieve a minimum of 80% attendance in academic (including group work) and practice components of the programme will not normally be permitted to progress until all attendance requirements have been satisfied.

**NU9:** Participation in group work and group assessment is required by all students as per module descriptors. Where a student has not participated in group work without good cause and communication, further action may be taken, including referral to Fitness to Practice.

**NU10:** Students who achieve an average of 60% across SCQF Level 8 modules on the BSc (Hons) programme, may be given the opportunity to undertake an additional independent study module in semester 3 to transition to the Master of Nursing programme. This 40-credit SCQF 9 module must be completed in advance of the commencement of Year 3.

**NU11:** Where a student in Year 4 has exhausted all reassessment opportunities but has met the NMC requirements for practice and academic hours, they may be awarded a BSc in Nursing with NMC registration.

480 SCQF credits (level 10) BSc (Hons) Nursing

### **Programme Specific Regulations**

**NU1:** To complete a level (PART) of the programme, a student will normally be required to successfully complete all modules in that level. Students who are required to repeat modules will normally only be permitted to carry a maximum of 20 credits from Year 1 to Year 2 (SCQF 7 modules only). The reassessment will normally be undertaken when the module is next scheduled to run.

**NU2:** In modules where assessment consists of both academic and practice-based elements, no compensation will be allowed.

**NU3:** A fail in a practice learning experience (PLE) will result in a reassessment. The student will be offered the opportunity to retrieve this assessment in another PLE of not less than 4 weeks. **NU8:** A student who does not achieve a minimum of 80% attendance in academic (including group work) and practice components of the programme will not normally be permitted to progress until all attendance requirements have been satisfied.

**NU9:** Participation in group work and group assessment is required by all students as per module descriptors. Where a student has not participated in group work without good cause and communication, further action may be taken, including referral to Fitness to Practice.

**NU10:** Students can transfer from the Master of Nursing programme to the BSc (Hons) Nursing programme in year 2, 3 or 4 if they choose. but students are not permitted to transfer from the BSc (Hons) Nursing to the Master of Nursing programme in years 3 or 4.

**NU11:** To be permitted to continue on the MN programme, students must attain an average mark across all SCQF level 8 modules of 60% or above. All weighted average marks falling two per cent or less below 60% are considered as borderline cases and where a student has 50% or more of their SCQF level 8 credits above 60%, they may continue on the M level programme. Any students in the borderline category, with less than 50% of their SCQF level 8 credits above 60%, will be required to transfer to the Honours programme.

**NU12:** Where students do not meet the required pass mark of 50% or greater for SCQF level 11 modules but meet the threshold mark for undergraduate modules i.e. 40% or greater and meet the learning outcomes of the equivalent undergraduate module, they may be given credit for the undergraduate module and continue without reassessment. The student would however be required to subsequently follow the BSc (Hons) programme. Students can of course be reassessed at SCQF level 11 as per QMU regulations should they wish.

**NU13:** A student who fails to achieve the minimum requirements for a Master's degree but has successfully completed two M level academic modules (60 credits) shall be awarded a Postgraduate Certificate in Health Sciences. This subsidiary exit point does not lead to registration with the Nursing and Midwifery Council.

Finally, the classification of the Master of Nursing degree will be determined by the marks awarded for the SCQF level 10 (20%) and the SCQF 11 modules (80%). Borderline cases will consider only the results of SCQF level 11 modules.

### **Module Registration**

Only students taking the module as a standalone will be on the route code listed above. If the module is part of a programme, the student will only be registered onto the programme route code.

Please check with Morag before adding students to any of the Prescribing modules unless specifically asked by either PL. Students need to go through an assessment process prior to being accepted onto the module.

### **Indexing**

Students require indexing and then completion with NES/NMC if they are from a nursing/midwifery background. Other allied health students will get HCPC accreditation. Alison Bacigalupo will confirm who is to be Indexed and the PLs will confirm type of Prof Registration Completion at the BOE.

### **Feedback**

With Canvas the teaching team can release the exam marks and therefore admin team only need to process marks from the mark sheet. Student will see their marks now on Canvas.

### **Processing the Marks**

- There are three components with component 001 requiring passing before moving to component 002 and 003.
- Students are only allowed two attempts as each component
- Profiles will not be presented for the component part of the module and that report 55s showing only the students that have failed will be presented until we get the updated PG Profiles
- Progress decisions on components for the failed students will be taken at the next available BOE.

# PGDIP SPECIALIST PRACTICE (DISTRICT NURSING) – 2025/26

Programme Leader – Muriel Reid

Route Code: SPDNDP

**External Examiner:**

**NMC Accredited**

**September Intake – All on A occurrences of the module**

## Full-Time

NM467	Assessing and Planning Care for Persons, People and Population	20	Sarah Moran-Winchester	1
NM468	Using and Creating Evidence to Improve Health and Well-being	20	Gemma Stevenson	1
NM469	Providing and Evaluating Person-Centred Care within Community Contexts	20	Muriel Reid	2

NM380	Independent and Supplementary Prescribing for Health Care Professionals	40	Ian Price	2/3
NM471	Evidencing Development as a Person-centred Specialist Practice	0	Muriel Reid	Y

Full-time students are completing NM467 at the same time as applying for V300; therefore, they complete a different stand-alone piece of work to demonstrate that they meet the NMC requirements in relation to clinical history taking, assessment, and planning of care. Students are not automatically added to Prescribing and will be manually added once we have confirmation from the teaching team

Students need to be indexed for this programme (see below info on Indexing). Note that they do not need to be separately indexed for NM380 as this is now part of the structure approved by NMC.

A BOE must confirm NM380/NM423 Comp 001 before students can progress to the rest of the module. Students only get 2 attempts at each component. Profiles will not be presented – take Report 11.

On completion of the taught elements of this programme, students will be presented and progressed to NM471. They will then be presented at the next available BOE on completion of NM471 and exit with their award.

Students are presented at the June BOE with incomplete marks so that they have a transcript showing their confirmed marks – this is needed for application to do NM423 Prescribing. Students will not be automatically added to prescribing until we have confirmation from the teaching team.

**NOTE:** there are no progression points as there were on the previous programme, so students do not need to be presented at an early board to proceed to placement.

All Students are required to be Indexed at the beginning of their programme with NES/NMC, and on completion of the programme students will be registered with the NMC. NMC must also be notified of changes & withdrawals. Templates are in [SharePoint](#).

NMC COMPLETION CODE: S\_DF3 (2024/5 onwards) or S\_DNF3 (pre 2024)

NMC COMPLETION ACADEMIC LEVEL: Level 11 (SCQF).

Need to liaise with the LEAD team for student FEA registration post award

# HEALTH SCIENCE PROFESSIONAL ACCREDITATION

You will find information here regarding profession body accreditation and the processes that require to be followed. Further information and templates can be found on [SharePoint > Academic Administration > Health Sciences > Professional Registration](#) or in the guides within the [Academic Administration Guides and Processes SharePoint](#).

## HCPC – The Health and Care Professions Council:

Complete the HCPC passlist template (using info from BOE/CA profiles). Passlists should then be forwarded to [xpl@hcpc-uk.org](mailto:xpl@hcpc-uk.org). Remember to password protect them using the password included in the [HCPC guide on SharePoint](#):

- Only send one passlist per email and include the approved programme name and course year in the subject, with the full university name.
- Check that you receive a confirmation email - if you don't then chase HCPC.
- Add the date to the students SQA record of when the information was emailed to HCPC.
- See the [HCPC Registrations guide](#) on SharePoint for further information on this process.

## The students on the following programmes will be given HCPC recognition:

- BSc (Hons) Dietetics / Masters of Dietetics
- MSc Dietetics (Pre-Reg)
- BSc (Hons) Physiotherapy / Master of Physiotherapy
- MSc Physiotherapy (Pre-Reg)
- BSc (Hons) Podiatry / Master of Podiatry
- MSc Podiatry (Pre Reg)
- BSc (Hons) Diagnostic Radiography / Master of Diagnostic Radiography
- BSc (Hons) Therapeutic Radiography / Master of Therapeutic Radiography
- MSc Therapeutic Radiography (Pre Reg)
- MSc Diagnostic Radiography (Pre-Reg)
- MSc Radiotherapy and Oncology (Pre-Reg)
- BSc (Hons) Occupational Therapy / Masters in Occupational Therapy
- MSc Occupational Therapy (Pre Reg)
- PG Dip Occupational Therapy (Pre-Reg) – only if sufficient PBL hours are reached
- MSc Art Psychotherapy
- MSc Dramatherapy
- MSc Music Therapy
- BSc (Hons) Speech and Language Therapy / Masters in Speech and Language Therapy
- MSc Speech and Language Therapy (Pre Reg)
- Diploma in Hearing Aid Audiology
- BSc (Ord) Paramedic Science
- NM380/NM423 (Prescribing Level 11) – non nursing students
- N4315/N4326 (Prescribing Level 10) – non nursing students

## Association of Nutrition:

Passlist required for all students who complete the Masters/BSc (Hons) Nutrition, email [registration@associationfornutrition.org](mailto:registration@associationfornutrition.org) (name, date of birth and date of qualification).

**Society of Radiographers:**

Passlists are required for all students who complete the following programmes and should be emailed to [CarmelM@sor.org](mailto:CarmelM@sor.org).

- BSc (Hons) Diagnostic Radiography / Masters in Diagnostic Radiography
- BSc (Hons) Therapeutic Radiography / Masters in Therapeutic Radiography
- MSc Diagnostic Radiography (Pre-Reg)
- MSc Therapeutic Radiography (Pre Reg)
- MSc Radiotherapy and Oncology (Pre-Reg)

**Royal College of Occupational Therapy:**

Complete spreadsheet twice a year noting the numbers of students who pass Masters in OT, BSc (Hons) OT, MSC OT Pre Reg, PG Dip OT Pre-Reg (with sufficient PBL hours) – no other details are required. Business Object Report will provide the numbers – email back to [qa@rcot.co.uk](mailto:qa@rcot.co.uk)

**Royal College of Speech and Language Therapy:**

RCSLT has a template spreadsheet that should be completed for Masters/BSc (Hons) SLT, MSc SLT (Pre-Reg). Sheet should be saved as QMU Passlist (then Month/Year) and then emailed to [membership@rcslt.org](mailto:membership@rcslt.org)

**Professional and Higher Education:**

HEA/FEA Registration – Student to liaise with the LEAD team for FEA registration post award. We do not get involved with this registration process.

**PCP Forensic Programme:**

Students get UKAFN notification – PL arranges this.

**Academy for Health Care Science:**

PL will send a passlist to AHCS when students are eligible for a PGDip Audiology (they do not need MSc to register).

**NMC (Nursing and Midwifery Council) Professional Registration:**

The NMC Professional Registration process comprises two parts:

1. Indexing – which happens when a student starts their programme.
2. Completion – when they complete and are eligible for award and registration.

NHS Education for Scotland (NES) deal with these processes. We send them the information, and they then upload the details to the NMC. It is in place for the following nursing programmes:

- Masters in Nursing – Pre Reg / BSc in Nursing – Pre Reg
- PG Dip Person Centred Practice (School Nursing) / PG Dip School Nursing (PCP) (both Post Reg)
- PG Dip Person Centred Practice (Health Visiting) / PG Dip Health Visiting (PCP) (both Post Reg)
- PG Dip Person Centred Practice (District Nursing) / PG Dip Specialist Practice (District Nursing) (both Post Reg)
- Non-medical prescribing NM380/NM423/N4315/N4326 (nursing students only) – Post Reg
- BSc Paramedic Science (slightly different process to the other Nursing programmes)

**Note that Nursing students are not registered with the HCPC, but Paramedic Science students are.**

### **INDEXING PROCESS – NURSING Pre Reg Students**

- *The template index forms are given to us by NES and are stored in SharePoint: [Health Sciences > Professional Registration > NMC \(Nursing & Paramedic\) > Template Forms & Instructions.](#)*
- Using the SRL code MT SCE 001 pull the file for the group of students required. This will provide you with the majority of information required. For information not in SITS, an MS form is sent to students during Induction Week and the data can be downloaded and copied into the index form. The form is stored on SharePoint: [SO Admin Team > Documents > Surveys & Forms](#)
- The Index sheet should be password protected and then emailed to [nes.nandmindexing@nhs.scot](mailto:nes.nandmindexing@nhs.scot). Send off as soon as you have most students and chase those still to submit the additional information.
- NES will then send a list of NMC PIN numbers for the new pre-reg students. Add this information to the *Nurse Ref* field in the STU screen in SITS (Note that some students may have a PIN already)
- Where a student has withdrawn, deferred or moved between the BSc or Masters in, NES need to be given these details. Templates are in SharePoint for this, and it's normally sent following the reassessment BOEs in August.
- Passwords and detailed instructions are available on the NMC Indexing guide on [SharePoint](#)

### **INDEXING PROCESS – NURSING Post Reg Students**

- *As above but note there is a different form for Post Reg*
- Post Reg students should all have an existing NMC PIN.

### **INDEXING PROCESS – BSc Paramedic Science Students**

- *As above but note there is a different form for Paramedic students.*
- There is also a different email to send the index form to: [NandMPreReg@nes.scot.nhs.uk](mailto:NandMPreReg@nes.scot.nhs.uk). This should also be password protected as per the NMC Indexing guide on [SharePoint](#).

### **COMPLETION PROCESS – Nursing Pre Reg and Post Reg**

- When a student completes their degree and is eligible for NMC registration, we compile a list in a spreadsheet. *The template completion forms are given to us by NES and are stored in SharePoint: [Health Sciences > Professional Registration > NMC \(Nursing & Paramedic\) > Template Forms & Instructions.](#)*
- Following the exam board (or convenor's action) send the completed list to the programme leader to check it is correct.
- This is emailed to NES who then upload the data to the NMC. The sheet should be password protected and then emailed to [nes.nandmindexing@nhs.scot](mailto:nes.nandmindexing@nhs.scot).
- Passwords and detailed instructions are available on the NMC Completion guide on [SharePoint](#)
- That is the end of our involvement.

### **COMPLETION PROCESS– Paramedic Science**

- When a student completes their degree and is eligible for NMC registration, we fill in the details for the student at the end of the original indexing spreadsheet (rather than having a separate completion template).
- *The template index forms are stored in SharePoint: [Health Sciences > Professional Registration > NMC \(Nursing & Paramedic\) > Paramedic Science](#)*
- Following the exam board (or convenor's action) send the completed list to the programme leader to check it is correct, then email it to [NandMPreReg@nes.scot.nhs.uk](mailto:NandMPreReg@nes.scot.nhs.uk).

**Prescribing module NM380/NM423/N4315/N4326**– some of these students are Allied Health Professionals, not nurses, and are therefore not eligible for NMC but should instead be registered with the HCPC. The programme leader should provide a list of which students this applies to and this is detailed in the Prescribing tracker on [SharePoint](#): Academic Administration > Health Sciences > Prescribing.

For some programmes, the programme leader also has to signoff the students on the NMC portal. They will be emailed directly by NMC to tell them to do this, so this is just for info.

This NMC signoff applies **only** to the following programmes:

- BSc (Hons) Nursing
- Master in Nursing
- PG Dip Person Centred Practice (School Nursing)
- PG Dip School Nursing
- PG Dip Person Centred Practice
- PG Dip Health Visiting (PCP)
- PG Dip Person Centred Practice (District Nursing)
- PG Dip Specialist Practice (District Nursing)

Information regarding the signatories and how to update these on the NMC portal is in the document titled *NMC signatories - admin info* in the g-drive Heionline.nmc-uk.org user name: [mthomson@qmu.ac.uk](mailto:mthomson@qmu.ac.uk) password: QMUNur5ing

## ARTICULATION

There are many articulation routes for students – on some programmes these have been noted on the structure.

It is expected that when students are ATRed over from Admissions there will be a note against the student if there are coming in through an articulation route – Morag will add a note to SPR indicating if a student has articulated and what that means regarding the module(s) they will be registered on for coming academic year.

RPL will be added once it has been processed by the RPL Committee.

## COLLABORATIONS PROGRAMMES

QMU has teaching partnerships (i.e. Collaborations) with organisations in UK and across the world, allowing students to study for QMU qualifications in a manner and at a location more convenient to them. QMU provides oversight and on-going advice to ensure that the academic standards of our awards are the same, wherever the programme takes place.

The Collaborations team manage the administration of these programmes in the same way as the AA team do, but (in most cases) the partner organisations deal with direct communication with the students. Each partnership has a QMU Home Academic staff member as the 'Collaborative Academic Lead (CAL)' and has programme leaders and module co-ordinators who sit within the partner organisation.

Most collaborative students are on SITS. You can recognise them by checking a few different areas on SITS. If stuck ask the collabs team:

- Programme name (cross check this with our structure book and the info on the [QMU partners website](#)).
- Module occurrence - if the modules are not A/B type occurrences, that indicates that they may not be AA team (but not always so take care) e.g. SC occurrence is AA team.
- STU student might show as 'International' on fee structure, plus Overseas.
- SCE fee level – not home fee.
- Check MOD which might have info to help.

**Ones to watch out for** (seem like they may be AA programmes but are actually collabs):

- Mammography
- Breast Ultrasound
- CBT (Cognitive Behavioural Therapy)
- NHS Lothian
- Musculoskeletal Medicine
- MSc Podiatry
- Play Therapy

MSc Advanced Clinical Practice students can be confusing as they start off as a Collaboration, then move to Home to do Prescribing NM380/NM423 and Dissertation NM371. Generally, if they are already on Prescribing or Dissertation then AA will deal with the admin. If they are not on either of these modules yet, then Collabs deal with them (incl. how they register for dissertation).

Any queries incl. ECs, withdrawals etc. can be forwarded to [Collaborations@qmu.ac.uk](mailto:Collaborations@qmu.ac.uk)

## **ONLINE PROGRAMMES (OPS/HEP)**

### **Online Programmes and Partnership Manager – Patrycja Mitrut**

#### **Administrator – Alastair Howden (OPS@qmu.ac.uk)**

QMU Online is a suite of fully online postgraduate courses in partnership with Higher Ed Partners (HEP). Students study and progress module by module based on a 'Carousel' approach. This is a growth area for QMU and the number of programmes offered are increasing year on year.

HEP manage the recruitment and student admin/communications, but QMU provide the course materials, assessment, run the Boards, deal with ECs and award the degrees etc.

#### **Below is a list of the online programmes QMU offers:**

- Master of Business Administration
- MBA with Hospitality Management
- MBA with Marketing
- MBA with Finance and Accounting
- MA Early Childhood Education
- MA Education
- MA Educational Leadership
- MA Special and Inclusive Education
- Master of Public Health
- MSc Global Health
- MSc Healthcare Management
- MSc Nursing

If we receive any emails relating to these programmes, please forward them on to the Online Programmes inbox ([OPS@qmu.ac.uk](mailto:OPS@qmu.ac.uk)).

## USEFUL INFORMATION

- RPL information does not presently show up on the student's transcript they see on the portal. You need to pull a new one and email to them.
- Letters regarding the right to work etc requested by International Students should not be completed by us but forwarded to the International Office.
- Letters requesting information on fees must be forwarded to Registry for completion.
- Changes to PLs – if you are emailed this information, please forward to Registry so that CRS can be updated. This then allows the PL to approve EC applications.
- Induction Timetable and information is co-ordinated by Registry.
- Students do not see personalised timetables until they matriculate, this is also the case for access to the VLE.
- Student on any of the Integrated Programmes are allowed to change to the BSc Hons route at any time and any level. Student will be able to do this by accessing the link on the student portal. An email is sent to Morag and Jo who will update the students record accordingly.

## FEEDBACK TURNAROUND

### For standard UG and PG programmes:

- SCQF Level 7 and Level 8 assessments: 20 working days from the submission date.
- SCQF Level 9 and Level 10 assessments (except for SCQF Level 10 projects and dissertations): 15 working days from the submission date.
- SCQF Level 10 projects and dissertations: 20 working days from the submission date.
- SCQF Level 11 assessment: 20 working days from the submission date.

### For Integrated Masters and MSc Pre Reg Programmes:

Modules as SCQF Level 7-11: within a max of 20 working days of the submission date.

Exceptionally, modules which are taken by both groups of programmes will default to 20 working days. It should be noted, the MC, for a module on a standard programme as well as the Masters and MSc, will inform students of the extended turnaround.
