STUDY ABROAD

SUMMER INTERNSHIP & COMMUNITY ENGAGEMENT OPPORTUNITIES

Available on ISEP Direct

Summer in Brussels - Study & Intern

Brussels School of Governance

In Brussels, you'll be able to join seminars and workshops that feature some of the key decision-makers and leaders in the European Union. Make your resume stand out with an internship in Brussels, home to NATO and the European Union. Mix and match classes in business, political science, and international relations with an internship and build your professional network.

Summer in Costa Rica Hospital Shadowing & Medical Spanish

International Center for Development Studies

Spend 4 weeks in Costa Rica and earn 6 U.S. credits studying Spanish for the Health Professions and Healthcare in Latin America. Participate in clinical rotations at San José's premier private medical facility, Hospital Bíblica, or complete community work in social welfare services.

Summer in Costa Rica - Sustainability & Service-Learning

International Center for Development Studies

Spend two weeks in San José studying Spanish and serving in the local community, then travel to Finca La Flor in Cartago to spend two weeks studying Sustainability and Food Security while contributing to the community farm. Earn 6 U.S. credits and take beginning, intermediate, or advanced Spanish alongside a sustainability course taught in English.

Summer in Ghana - Global Health

CFHI Ghana

Delve into Ghanaian communities while participating in rotations at the only exclusively pediatric public hospital under the Ghana Health Service, which provides preventive, primary, and specialist pediatric care and specializes in managing malnutrition. Occupational Therapy students may also be placed at a local teaching hospital or observe therapy in the greater Accra region.

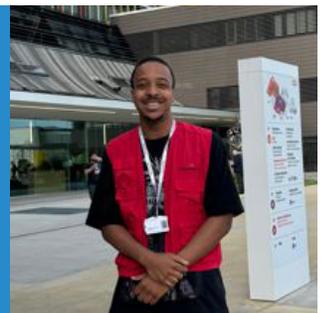

Summer in Ghana - Service-Learning

University of Ghana

Deepen your immersion in the community by participating in a 3-credit co-curricular service-learning experience, including 30 hours of hands-on experience at a local Ghanaian organization. The service-learning experience is part of the course, Strategies for Social Development with Field Practicum, when you will discuss opportunities and challenges in the field.

"As an aspiring pediatrician, volunteering in a children's hospital changed my worldview through the ability to witness clinical care in a different cultural and societal context."

Charles-Anthony Woodfork
from North Carolina, studied at
Universitat Pompeu Fabra
