

Welcome to the Central Connecticut State University family!

If your student is preparing to move into one of our residence halls this fall, congratulations! This is an exciting milestone and the beginning of a new chapter—not just for your student, but for your entire family.

We know that this transition brings a mix of emotions. There is excitement about new opportunities, curiosity about what's ahead, and maybe even a little nervousness about leaving home. Those feelings are completely normal, and our Residence Life team is here to help make the transition as smooth as possible.

Living on campus is about so much more than having a place to sleep. It's where students build lasting friendships, learn to live with others, gain confidence, and discover a sense of belonging. Some of the most meaningful college memories are made in the residence halls, and we're committed to creating an environment where every student feels welcomed, supported, and connected.

The information on this webpage is designed to help prepare you and your student for move-in and the start of the semester. Our hope is that the information provided here answers your questions, eases some of the uncertainty, and helps everyone feel ready for an exciting beginning.

Thank you for trusting us with your student's residential experience. We look forward to welcoming your family to campus and helping your student make Central their home away from home.

See you soon!

Marvin G. Wilson
Director of Residence Life
