Central Connecticut State University Internal Funding: Central is committed to faculty growth and development. This competition provides support for conference attendance costs only, helping faculty engage in professional development opportunities.

Faculty Development (FD) Grants: GFR administers funds set aside for these purposes according to Article 9.6 of the CSU-AAUP Collective Bargaining Agreement. Article 9.6 refers to money allocated for annual faculty development activities. Such activities *“shall be construed broadly to mean activities...that enhance members’ ability to be productive and innovative professionals.”* The Article further stipulates that *“there shall be an appropriate committee at each university to advise the Chief Academic Officer concerning distribution of these funds.”*

This competition is to provide funding for conferences, workshops, and related travel from the award date through August 31, 2027, only. Research projects and other non-conference/workshop activities are not accepted in this competition.

GRANT GUIDELINES

Funding Allocation: Awards granted as a result of this competition will be funded by the 2026-2027 AAUP contract allocation.

Full-Time Faculty Eligibility: Proposals will be accepted by individual full-time faculty members. Faculty Development activities are allowable for eligible faculty members on Sabbatical Leave.

Part-Time Faculty Eligibility: The Part-Time Faculty Development Grant Competition is open to employees of Central who are employed for at least six (6) days in a semester and who earn six (6) or fewer load credits or who teach no more than two (2) courses for a total of eight (8) or fewer load credits and whose function consists primarily of (but shall not be limited to) teaching, research or other scholarly activity. Activities funded by this grant may only take place if the Part-Time Faculty member is *currently* employed by Central, regardless of employment status when funds were awarded.

General Eligibility is contingent upon whether the applicant has submitted any outstanding final reports for previous grants. ***Again, faculty members are limited to submitting 2 proposals across all rounds of the Faculty Development Grant competition, per academic year***

Grant Activities: Activities are limited to conferences, workshops, and related travel to present the results of research, or to acquire new skills or information that will enhance the faculty members’ teaching or research.

Grant Award Limits: There are no award limits, but please note that funding for these activities is limited, and that the Committee is unlikely to recommend funding for requests above \$3,000.00.

Allowable Expenses: Funding may be requested only as follows:

- **Travel Funds**
 - Support for attendance at conferences or workshops (e.g. to learn a new skill or to acquire a particular certification) may be requested
 - Priority will be given to applicants whose participation in the event is beyond that of an attendee, such as presenting a paper or moderating a breakout session
 - Please be aware that the Committee does not fund travel and other expenses for more than one conference in a single proposal
 - Funding may be requested for anticipated expenditures on transportation, lodging and

meals per diem. Funding shall be permitted for costs incurred up to the maximum per diem rates published by the US General Services Administration (<https://www.gsa.gov/travel/plan-book/per-diem-rates>). Applicants are required to pro-rate these budget items to account for partial days of travel as well as any meals included in conference costs. Please use and screenshot air itineraries from www.Kayak.com only.

IMPORTANT TRAVEL INFORMATION

Please be aware of the [Travel Office Policies and Procedures](#). ***You should not incur any expenses prior to the Travel Authorization (TA) being approved by the Travel Office.*** Any expenses incurred before the awarding of a grant MAY be at the applicant's own expense, with the possibility of no reimbursement. Travel, as with any other grant activity, must take place within the prescribed grant period

Please note that this Faculty Development Grant does not fund **student** conference travel costs.

SUBMISSION GUIDELINES

You are encouraged to use the new online application for relevant internal grants. This application is found on the GFR webpage at <https://www.ccsu.edu/gfr/internal-grants>. Please follow the guidelines below for the proposal narrative, as you will be asked to attach it within the online application as a .pdf file, along with relevant supporting budget and other documentation.

Otherwise, please follow the guidelines below:

File format and content: Submit proposals from your Central email address to CCSUgrants@ccsu.edu as a **single Adobe Portable Document Format (PDF) file by 12:00 noon on the due date**, inclusive of:

- Proposal Cover Sheet provided at <https://www.ccsu.edu/gfr/internal-grants>. ***This form must be used***
- Proposal Narrative including page numbers
- Budget Template provided at <https://www.ccsu.edu/gfr/internal-grants>. ***This form must be used***
- Supporting Documentation: **Links are not permitted**. Screenshots of travel cost and conference fee documentation must be included.
- Please do not include your CV unless you are specifically asked to do so

Failure to follow these guidelines will result in a deduction of points in scoring.

Proposal Narrative: Address the content areas listed below in no more than five pages. Please number the pages of your narrative. Please keep in mind that the Committee is made up of faculty members from different disciplines. Write your proposal so that members from outside your discipline are able to review it to make funding decisions.

- **Descriptive Title:** Brief proposal name as you would wish it to appear in award announcements and reports published by GFR.
- **Description of Activity:** Clearly define the activity and goal(s) of what you are proposing.
- **Significance and Outcomes:** Articulate how the proposed activity will advance your work with regard to your field of scholarly activity, department, and/or teaching objectives and why this activity is unique or critical to your work. Indicate how, specifically, you will determine the degree to which your stated goals are achieved.
- **Other Funding Sought:** Please indicate if you are using your AAUP travel funds for the proposed conference

and conference travel. If not, please specify how these funds have been used on other activities.

Budget: Budgets should offer a realistic estimate of the funding required to support the proposed activities. Please use the Budget Template provided. Include the information listed below.

- Itemize the specific expenses. Line-item amounts should be rounded to the nearest whole dollar
- Provide a clear and detailed justification for the items requested
- Documentation of item costs must be included. Without supporting budget documentation, funding may be reduced. **Links are not permitted**; please attach screenshots showing travel costs and conference fees.
- **All** grant activities must take place within the grant period, and related budget expenditures must be completed by August 31, 2027, after which all unexpended funds will be returned to the AAUP Faculty Development Committee account, to be used in future grant competitions.

Timing of Grant-Funded Expenses

Faculty Development Grant funds may only be used for eligible expenses incurred during the applicable grant period and **after** an award has been approved. Expenses incurred before an award is made are not eligible for retroactive reimbursement. Applicants should consider the anticipated award notification date and grant period when determining whether an activity is eligible for a particular competition.

Applicants seeking conference travel support should select a competition for which the anticipated award date occurs before the conference/travel takes place.

FUNDING DECISIONS

Decision Guidelines: The number of proposals funded, and the amounts awarded depend on the total funds available for distribution for the year and the quality of competing submissions. Reviewers reserve the right to consider the question of “value” when assessing budget requests and multiple impacts to the Central community may be one way of making that determination. Prior funding does not guarantee future funding.

Scoring: Proposals are scored according to their compliance with the submission guidelines. The scoring rubric used by the Committee is attached for guidance. Funding outcomes are not based solely on scores. For example, lack of significant progress in previous, similar grants may affect funding decisions. In addition, the Committee may review the outcomes and expenditures of applicants’ previously funded grant activities when allocating awards.

Notification of Funding: Funding decisions will be announced by GFR upon ratification by The Provost. Additionally, awardees will be notified via email when account funds become available.

Final Report: A final report describing major activities and outcomes is due to GFR no later than September 30, 2027. The form to submit final reports may be found at <https://www.ccsu.edu/gfr/internal-grants>.
