

Adjunct Faculty Positions – Engineering (Mechanical, Civil, and Electrical)

The Department of Engineering is seeking qualified Adjunct Professors to teach undergraduate courses in Mechanical Engineering, Civil Engineering, and Electrical Engineering.

Minimum Qualifications:

- A bachelor's degree in engineering in the relevant discipline.
- A master's degree in engineering (Mechanical, Civil, or Electrical) or a closely related field.
- At least one year of teaching experience at the college or university level, or relevant industry experience.

Preferred Qualifications:

- A Ph.D. in the appropriate engineering field.
- More than one year teaching experience

We are looking for individuals who are passionate about teaching and mentoring students and can contribute effectively to our academic programs.

Responsibilities include:

- Teaching undergraduate engineering courses/ this might include hands-on laboratories
- Prepare course materials, lectures, and assignments and collect assessment data.
- Supporting student learning and engagement.

Courses may be offered during the day or evening.

To Apply:

Please email the following as a single file to Dr. Reza Ghodsi at Ghodsi@ccsu.edu with the subject line "**Apply Adjunct Professor.**"

- Cover Letter
- Curriculum Vitae (C.V.)
- Names and contact information (title, email address, and telephone number) of three professional references

Note:

- Applicants must be legally authorized to work in the United States. CCSU cannot provide work permits or sponsorships for Instructor/Lecturer positions.
- Please redact any personally identifiable information (such as Social Security Number, Date of Birth, marital status, or country of origin) from your submitted documents.
