

## Central Connecticut State University Planned Program of Graduate Study

The graduate planned program of study (GPPS) is an important document representing an official agreement between the student and the university, with the academic advisor and Assoc. V.P. for Graduate Studies (AVP) or designee acting on its behalf. The GPPS lists the courses and other requirements that must be completed prior to program completion or graduation. The GPPS is not official until your academic advisor and AVP or designee sign and approve it; it must be submitted before the completion of 15 course credits. (An earlier submission is recommended.) Approved copies are sent from the graduate school to the student and the academic advisor. The official copy is retained in the student's university permanent file. The GPPS must be revised for submission if changes are made and approved by the advisor.
